**Performance Management - Monthly Performance Monitoring of Performance Indicators
August 2020**

Introduction

At this time the contents of the 'Green Book' Performance and Financial Monitoring information, have been amended due to the Covid-19 pandemic. The performance exception report, which highlighted where performance indicators were significantly different to the target for the year, has been excluded. Performance for 2020/21 has been extensively affected by the National Lockdown, local response and necessary reallocation of resources. The data should therefore be considered in this context and in some cases activity will be unusual, especially in the first quarter of the year.

The forecast to the end of the year is excluded from the financial section as it is not currently possible to provide a reliable assessment of the overall financial impact of the pandemic. During the year to date the government has allocated grant funding in 3 tranches towards the costs incurred by local authorities and has recently also launched an income compensation scheme which will cover a significant proportion of lost sales, fees and charges. Work is ongoing to establish the funding which can be claimed under this scheme and also to establish the potential lost income from commercial sources which are not covered by these arrangements. The Commercial income pages are not currently published as the Council continues to work with tenants on arrangements for payment of rents. A full update will be prepared in the autumn which will inform the draft budget for 2021/22 to be considered by the Executive in November.

The Council's corporate approach to improving efficiency is supported by integrated performance management and monitoring systems. Performance Indicators, across a range of service areas, are monitored and reported monthly in this document, the Green Book. The Green Book also supports the monitoring of contractual relationships the Council has with its outsourced service providers. The Council uses a variety of performance indicators to monitor how well our services are performing in meeting the needs of our residents.

We monitor our performance on a monthly basis to ensure that we remain focused on our priorities and to ensure that we can promptly deal with underperformance wherever necessary. All the monitoring data is circulated to elected Members, Corporate Management Group, staff and the public.

Additional information is shown on the charts where appropriate to aid analysis and indicate where management intervention may be needed:-

Last year's performance is shown as a dotted line which is useful for comparative purposes and enabling target profiling to be considered.

In many cases some natural variation in performance is to be expected and this is represented (in some charts) by a thinner line above and below the red target, based on calculating the standard deviation of previous year's actual performances.

Performance is reported cumulatively for most indicators. Where this is not the case it is indicated on each graph.

The objective of the additional information is to enhance the monitoring of performance. The aim is to be as close to the target line as possible and at least within the upper and lower lines. Significant variation outside these lines might indicate a need for management intervention or could suggest a fortuitous improvement which might not be sustainable.

Here's an example of the typical information you will find in each chart:

CORPORATE HEALTH INDICATORS (Responsible Manager - Various)

Since January 2009, measures have been in place to reduce the time taken to pay Local Suppliers. The Average Number of Days taken to pay Local Suppliers in August was 9.13 (Target = 12 days); Average Number of Days taken to pay All Suppliers in August was 16.14 (Target = 20 days). Late Payment legislation introduced in March 2013 provides for all undisputed invoices payable by a Public Authority to be paid within 30 calendar days, unless agreed with the supplier, and introduces financial penalties for late payment.

EC-007: Percentage of clerical errors recorded at the last election	↓	0.14	0.0001	0.0001	n/a

Local elections scheduled for May 2020 were postponed until 2021 due to Covid-19 lockdown.

There will be no monthly updates to the Electoral Register published in October, November and December whilst the annual canvass is carried out.

HUMAN RESOURCES (Responsible Manager - Amanda Jeffrey)

The number of employees included in the top 5% can differ, depending on the total number of employees, and if there are salary changes for top earners. This causes these figures to fluctuate, even if no one in the top 5% of earners leaves the organisation.

Excluding long term sickness to July = 0.49 days. There is a 1 month time lag on this indicator.

The % of economically active disabled people in Woking is 5.6% (Source 2011 census).

The % of economically active people from BME communities in Woking is 5.1% (source 2011 census).

RR2: Urgent repairs (%)	97.75	98.58	93.28			
RR3: Routine repairs (%)	96.72	92.19	90.91			

All NVH figures are percentages of the total except IM3 (days). RR1, RR2 and RR3 refer to % of repairs complete on time, these are provisional figures and may be amended following an annual audit. There is a time lag on receipt of these figures.

HOUSING BENEFIT AND COUNCIL TAX (Responsible Manager - David Ripley)

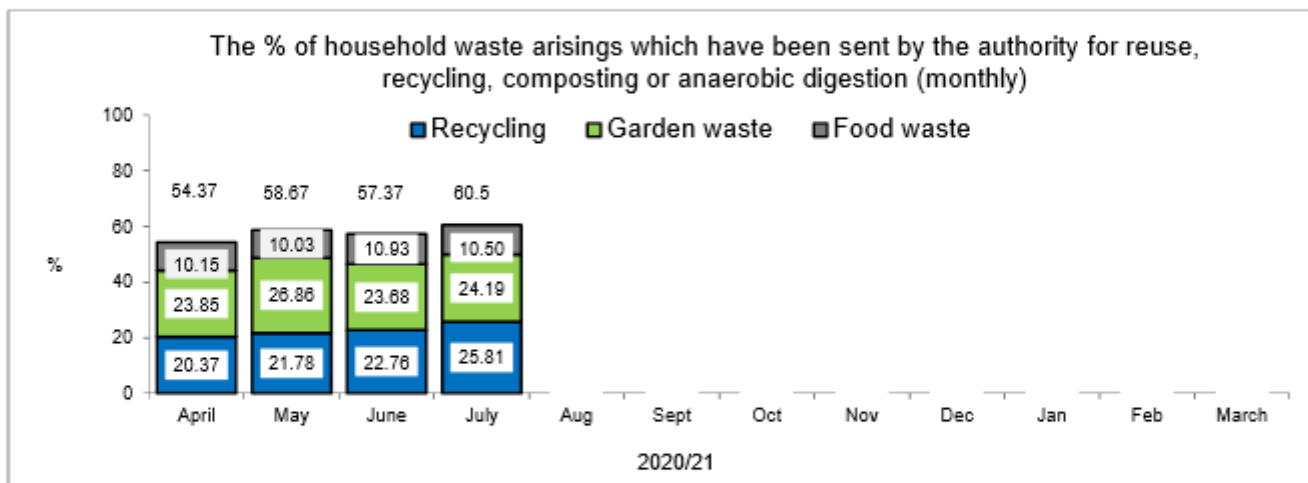

WASTE AND CLEANLINESS (Responsible Manager - Geoff McManus)

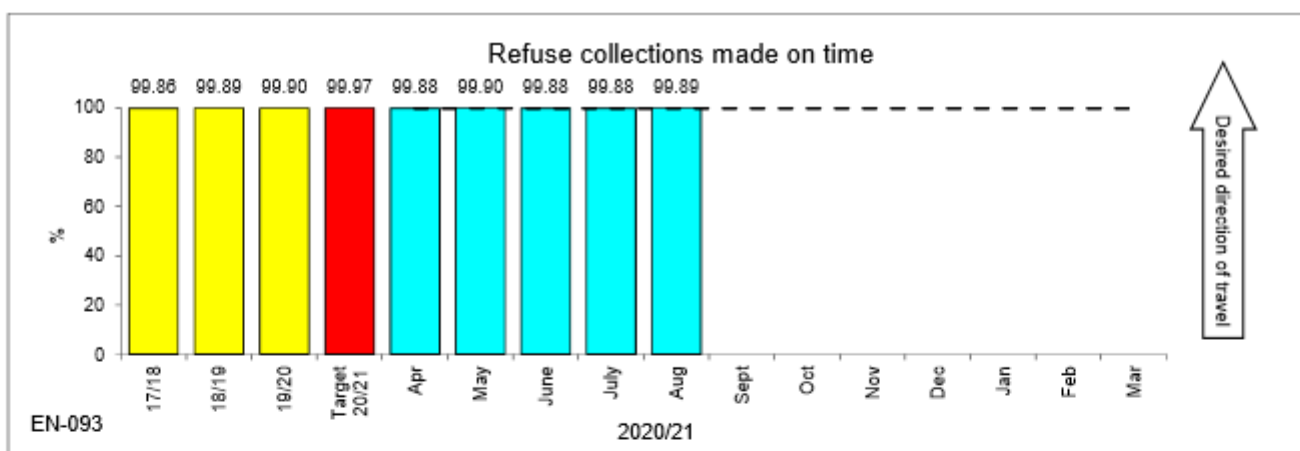

The table represents household waste collected via the Council's recycling, composting, re-use and recovery services. Due to successful dialogue with the Materials Recovery Facility operator, the sampling process has been revised to promote quality recycling. As a result the rejection rate has reduced from 14.13% to 5. There is a 5 week time lag on this indicator.

The chart shows the individual months, the Council's overall recycling performance is shown in the cumulative table. Material tonnages have been at high levels, due to residents staying/working from home. Co-mingled and food maintained high levels in July, but green and household waste have gradually dropped in tonnage. There is a 1 month time lag on this indicator.

Quarterly Waste Indicators	Annual Target	Apr-Jun	Jul-Sep	Oct-Dec	Jan-Mar
NI-191: Residual household waste per household (kg)	350	106.00			

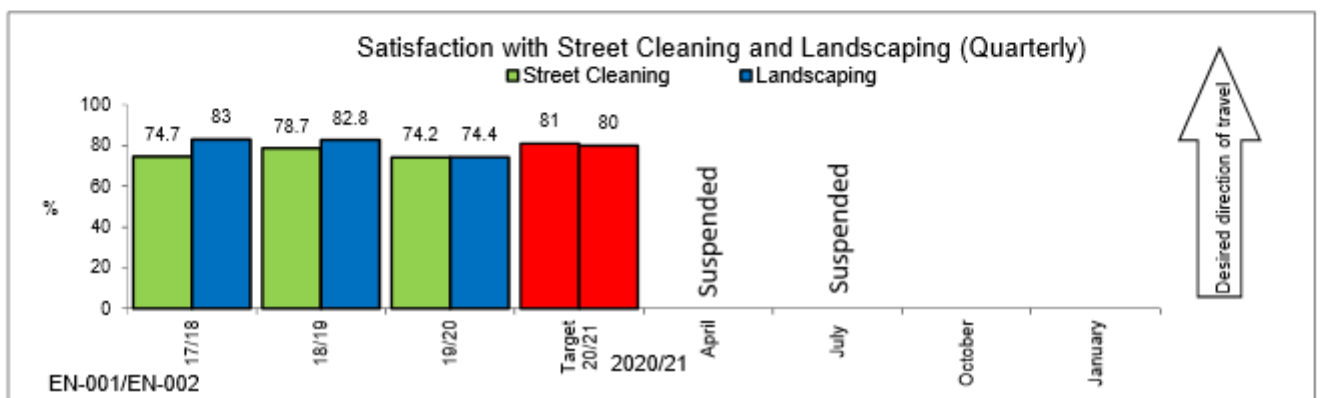

Figures provided quarterly. Population figure used = 42,953 . There is a 5 week time lag on this indicator.

Indicator EN-093 enables the Council to measure its contractors performance by recording the number of genuine missed waste and recycling containers reported by residents. There is a 5 week time lag on this indicator.

Please note that there can be more than one investigation action per fly tipping incident. This is why there are more investigation and enforcement actions than there are fly tipping incidents.

Satisfaction surveys are carried out through a telephone poll of 300 residents every quarter. There is a one month time lag on the receipt of this figure.

This table has been added to show all of the residential completions each year since 2010/11, which was the start of the current Local Plan period. The affordable housing numbers may vary from those recorded in the Housing section of the Green Book, due to use of different monitoring arrangements and the inclusion of acquisitions (in the Housing section only).

COMMUNITY SAFETY (Responsible Manager - Geoff McManus)

*24 hours from the time that the vehicle can be legally removed. The table shows the cumulative percentage of vehicles visited and removed during the course of the year.

We have not inspected our due food inspections during April - August due to the Coronavirus pandemic requiring the ceasing of official controls to food businesses in the form of physical visits. Instead we have been engaging with food businesses by telephone / virtual meetings to ensure public safety. 26 virtual inspections of new businesses have been carried out. Missed routine programmed inspections will be resumed and completed when safe to do so, in accordance with the Food Standards Agency.

SHEERWATER REGENERATION

In April 2017 the Council authorised the purchase of private properties by Thamesway Housing Ltd, financed by Thamesway Developments Ltd (TDL), as part of the Sheerwater regeneration scheme. The Sheerwater Community Charter also offered an Assisted Purchase scheme where the Council would acquire a stake in a new property (up to 33% or £100,000) to enable residents to move to an equivalent property, and the option of a mortgage of last resort. The following amounts have been advanced since the schemes opened in August 2017:

<u>Capital Expenditure</u>	<u>No of</u> <u>Properties</u>	
Assisted Purchases and acquisition of new houses	23	£2,275,320
Mortgages	12	£1,954,757
Properties acquired by THL using WBC loan finance:		
Completed Sales (expenditure incurred)	102	£34,749,569
Offers Accepted (committed expenditure)	11	£3,248,250
	<u>113</u>	<u>£42,227,896</u>

Further costs incurred to date which are to be reimbursed by the project are detailed below (the timing of the reimbursement will be dependent on the financial position of the project):

The Birch and Pines Lease Surrender & Demolition	£231,924
The Sheerwater Underwrite Agreement	£3,841,106
Purchase Of Dwellings Within The Redline and acquisition of new houses	£4,680,767
Home Loss & Disturbance Payments	£1,602,407
Infrastructure Investment	£2,128,901
Financial Modelling	£82,821
Southern Housing Group Property Purchase	£3,600,418
Greenoak Housing Association Purchase	£4,023,592
	<u>£20,191,935</u>

Loan Finance Approvals

The Sheerwater regeneration is to be funded by loan finance from the Council. In April 2017 the Council agreed that funding will be advanced at cost to the Council with a 1% arrangement fee. During 2017/18 the Executive approved £5m to be made available to Thamesway Developments Ltd (TDL) and on 5 April 2018 the Council approved a loan facility of £26m to enable TDL to construct the leisure and recreational facilities at the Bishop David Brown site. On the 4 April 2019 the Council approved a further short-term loan facility of £42m to TDL, on terms previously approved, to enable the first residential phase (Purple). The Council also approved that on completion of the Purple phase a 50 year loan facility of £48.4m be made available to Thamesway Housing Ltd at a margin of 0.5%. On 13 February the Council approved the loan finance for the delivery of the scheme as whole. As detailed in the Council report arrangement fees and margins were removed from the loan facilities for the scheme.

Project Management\Revenue Expenditure

The following costs have been identified to be funded from the Sheerwater Regeneration reserve\WBC Resources:

	<u>To Date</u>
Sheerwater Regeneration Staff Costs Not Charged To TDL	£697,427
Removal Costs	£74,712
Equalities Survey	£70,318
Miscellaneous Costs	£105,999
Subsidy of Bishop David Brown School Legal Fees and Rent Loss	£105,550
Subsidy of Sheerwater GP Practice	£50,691
Total	<u>£1,104,697</u>

<u>Compulsory Purchase Order (CPO)</u>	<u>Income</u>	<u>Expenditure</u>
DCLG Estate Regeneration Grant	£285,000	
Committed legal advice for CPO process		£280,000

Free parking arrangements which had been in place since the start of Lockdown were lifted on 1st July 2020. However the impact of changes to behaviours on activity for the rest of the year is unknown and is likely to result in less season ticket renewals and lower use of the car parks.

The government has introduced an income compensation scheme for lost sales, fees and charges which will fund 75% of the losses over an initial 5% reduction in income. The first claim under this scheme will be during September 2020.

Building Control (David Edwards, Chief Building Control Surveyor)

Whilst building control income is slightly below the expected budget, due to the effects of coronavirus, further monitoring will be required to see if the confidence remains in the domestic market.

Development Management (Thomas James, Development Manager)

There was a reduction in planning applications received during April and May as a result of the Coronavirus pandemic. Since then there has been a significant uplift in the number of planning applications received, including an application for the redevelopment of part of Goldsworth Road which attracted a planning fee of £178,000. There will be ongoing monitoring of the number of planning applications submitted to see whether the trend in the uplift of applications received continues.

Income to date includes £113k received in 2019/20 which relates to work to be carried out in 2020/21.

Land Charges (David Ripley, Revenue & Benefits Manager)

Prices have been set to reflect the cost neutral requirement of Land Charges fees and income. Early activity suggests income will be below budget for the year.

Notes

- At its meeting on the **6 February 2020** the Executive agreed that the staffing budget for the year would be limited to **£15.690m** and an annual average number of staff for the year of **358 FTE**. CMG will manage the staffing budget flexibly within these two parameters.
- Following a staffing review savings of £649,176 have been identified and reported on the savings page. The posts have been removed from the budget.
- The above figures exclude costs of **£57,020** on redundancy payments, which will be met from the management of change budget. The amount is split as follows:

General Fund	51,816
Housing Revenue Account	5,204
	<u>57,020</u>

- Contributions towards costs reflect costs included in main table for which we receive some external funding.
- The variation above is split between the General Fund and Housing Revenue Account as follows:

Variation to Date	-2,906,296 -21%	-4,785,721 -22%	-1,879,425 -25%

Loans to group companies have been lower than budgeted resulting in an adverse variation in interest received, however, the lower amount of borrowing to date compared to budget has resulted in a positive variance overall.

The underspend on interest will be offset by the rental income budget for property acquisitions not yet completed.

A sum of £37k is included in interest paid in respect of a transfer of notional interest to the Wolsey Place reserve.

CIL is a charge levied on new developments to contribute towards infrastructure delivery. A proportion of the money received from this charge is allocated to Wards or Neighbourhood Areas where the development occurred, to be used for local community projects. Ward Councillors can apply for this funding and work with providers and resident groups to deliver identified community projects. The above table sets out the proportion of the CIL income that has been earmarked for the various Wards and Neighbourhood Areas to date.

(1) £132,796k of the long term borrowing is Housing Revenue Account, with £98,006k of this relating to the Housing Self Financing settlement. The remainder of the borrowing relates to the General Fund.

(2) WBC Treasury utilises AAA rated Money Market Funds operated by Deutsche Bank Advisors, Ignis Asset Management and Prime Rate Capital Management to manage day to day cash flow.

(3) These investments are used to provide operational assets within the group companies, and consequently fall outside the liquidity measure within the Council's approved Investment Strategy i.e. that a minimum of 65% of investments should mature within 12 months of placing an investment.

No new loans taken during this period.					Average interest rate 3.26	24.5

** These loans were previously classified as LOBO (Lender Option Borrower Option) loans. Barclays notified the Council that it had permanently waived its rights under the lender's option of the LOBO feature of the loans to change the interest rate in the future. As a result, the loans effectively became fixed rate loans at their current interest rates with their stated maturities and no risk that the rates will be changed in the future. This change was effective from 28th June 2016.

Lender Option Borrower Option (LOBO) Loan Debt

£15m of the Council's long term borrowing is in the form of loans called LOBOs. These loans have a 'step up' date after which the lender has the option of asking for the interest rate to be increased at specific intervals ('call periods'). Should the lender request a rate increase, the Council has the option of repaying the loan and seeking an alternative source of finance. Some LOBOs have an interest rate increase pre-agreed at the 'step up' date at which the borrower does not have the option to repay. The new rate is referred to as the 'back-end rate'.
