Sustainable Woking

Woking LA21 Annual General Meeting presents
**Restoring Surrey's rivers through
community restoration**

Woking LA21 welcomes **Glen Skelton**, RiverSearch Coordinator at Surrey Wildlife Trust, who will discuss the key challenges facing Surrey's river network and how communities are working together to monitor and restore these important wildlife habitats.

Thursday 17 November 2016, 7pm
WWF-UK Living Planet Centre, Brewery Road, Woking GU21 4LL.

- What the Council is doing

Woking 2050
A Vision for a Sustainable Borough

Summary Strategy

INVESTOR IN PEOPLE

Towards tomorrow today

Natural Woking

- Biodiversity and green infrastructure strategy
- Supporting information
- Positive outcomes for habitats and people.

Delivery

- Action plans for Woking 2050 and Natural Woking
 - Three year rolling programme
 - What, when, how and who
 - What is already being done
 - What should we prioritise.
- Building a network of interested organisations and individuals.

Theme 1: Home is where the heart is						
No.	Action	Timeframe	Progress	Measures	Resources	Res
1	Continue to reduce residual waste collected from households	1 - 3 years	Baseline: residual waste collected by households was 198.8kg (July - Sept 2015). The cumulative figure stood at 273.9 kg (Oct - Dec 2015)	Progress through Surrey Waste Partnership Strategy and local performance indicators	Existing resources with external partners	Pla
2	Continue to increase the Borough recycling rate	1 - 3 years	The latest monthly figures published in October 2017's Green Book, showed that the Council processed 59% of household waste arisings for recycling, composting or anaerobic digestion. The waste contract has now moved to Amey.	Progress through Surrey Waste Partnership Strategy and local performance indicators	Existing resources with external partners	Pla
3	Provide an integrated transport system that promotes lower carbon and healthy transport choices.	1 - 3 years	Baseline: Transport accounted for 123,200 tonnes of Borough carbon footprint in 2013 (source: DECC - latest available stats published in June 2015). This has reduced from 127,900 tonnes in 2011 and 126,900 tonnes in 2012.	Progress through relevant Council strategies such as Health and Wellbeing Strategy and TravelSmart 2015/16 targets and baselines	Work with partners such as SCC's TravelSmart team; health	Leis Cult Dev (Pe Gre Infr (Pla
