**Performance Management - Monthly Performance Monitoring of Performance Indicators
June 2021**

Introduction

The Council's corporate approach to improving efficiency is supported by integrated performance management and monitoring systems. Performance Indicators, across a range of service areas, are monitored and reported monthly in this document, the Green Book. The Green Book also supports the monitoring of contractual relationships the Council has with its outsourced service providers. The Council uses a variety of performance indicators to monitor how well our services are performing in meeting the needs of our residents.

We monitor our performance on a monthly basis to ensure that we remain focused on our priorities and to ensure that we can promptly deal with underperformance wherever necessary. All the monitoring data is circulated to elected Members, Corporate Management Group, staff and the public.

Additional information is shown on the charts where appropriate to aid analysis and indicate where management intervention may be needed:-

Last year's performance is shown as a dotted line which is useful for comparative purposes and enabling target profiling to be considered.

In many cases some natural variation in performance is to be expected and this is represented (in some charts) by a thinner line above and below the red target line, based on calculating the standard deviation of previous year's actual performances.

Performance is reported cumulatively for most indicators. Where this is not the case it is indicated on each graph.

The objective of the additional information is to enhance the monitoring of performance. The aim is to be as close to the target line as possible and at least within the upper and lower lines. Significant variation outside these lines might indicate a need for management intervention or could suggest a fortuitous improvement which might not be sustainable.

Here's an example of the typical information you will find in each chart:

CORPORATE HEALTH INDICATORS (Responsible Manager - Various)

Since January 2009, measures have been in place to reduce the time taken to pay Local Suppliers. The Average Number of Days taken to pay Local Suppliers in June was 1.46 (Target = 12 days); Average Number of Days taken to pay All Suppliers in June was 7.75 (Target = 20 days). Late Payment legislation introduced in March 2013 provides for all undisputed invoices payable by a Public Authority to be paid within 30 calendar days, unless agreed with the supplier, and introduces financial penalties for late payment.

Annual Election Indicators	Desired Direction of Travel	2018	2019	2020	2021
EC-002: Percentage of Adult Population on the Electoral Register	↑	96	94.5	97.3	97.8
EC-003: Percentage of rising 18 year olds on the Electoral Register	↑	26	23.6	26.9	23.3
EC-004: Percentage of those on the Electoral Register who voted	↑	37.7	36.3	n/a	40
EC-005: Percentage of people who voted by post	n/a	41.3	33.8	n/a	33.5
EC-007: Percentage of clerical errors recorded at the last election	↓	0.0001	0.0001	n/a	0.013

Local elections scheduled for May 2020 were postponed until 2021 due to Covid-19 lockdown.

There will be no monthly updates to the Electoral Register published in October, November and December whilst the annual canvass is carried out.

HUMAN RESOURCES (Responsible Manager - Amanda Jeffrey)

The number of employees included in the top 5% can differ, depending on the total number of employees, and if there are salary changes for top earners. This causes these figures to fluctuate, even if no one in the top 5% of earners leaves the organisation.

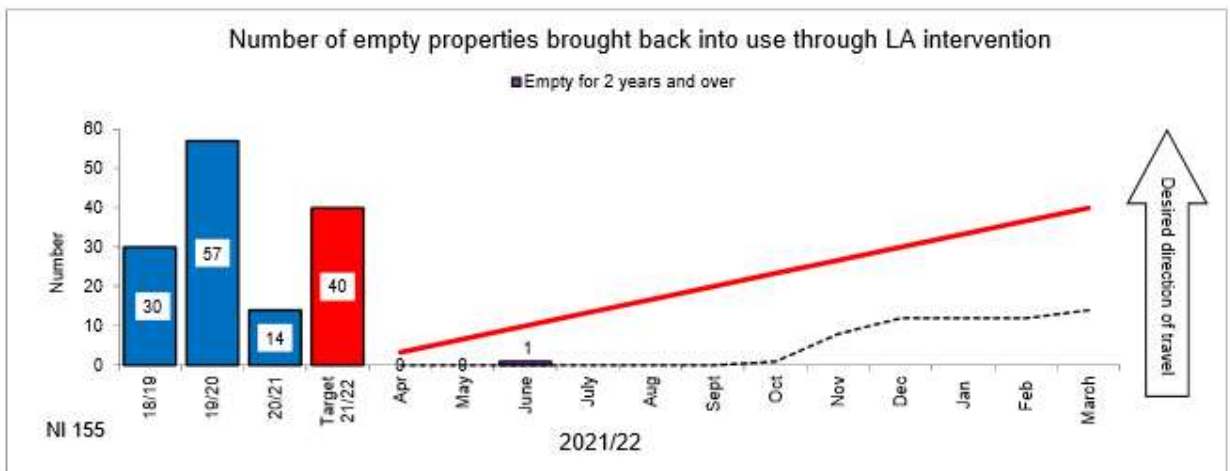

Excluding long term sickness to May = 0.33 days. There is a 1 month time lag on this indicator.

The % of economically active people from BME communities in Woking is 5.1% (source 2011 census).

HOUSING (Responsible Manager - Louise Strongitharm)

Annual Housing Management Indicators	Desired Direction of Travel	18/19	19/20	20/21	21/22
SO-071: Energy efficiency of Council owned homes- SAP rating (top quartile = 69)	↑	68.5	68.5	69.1	
NI-158: Percentage of non-decent Council homes	↓	0.1	0.1	2.9	

At present we have 77 properties showing as potentially non-decent out of a surveyed stock of 2644 properties. Extrapolated across the whole stock, this is 2.9% non-decency.

This is a jump on previous years, but is to be expected. Not only has the pandemic stopped us from running all of our works programmes, but we've also had a mass update of the stock condition data (this has brought property component due dates forward), so we can be very confident that we're accurately reporting a low non decency rate. 97% of the stock now has an up to date Stock Condition Survey and the final 3% are due for completion by the end of May.

In terms of SAP, after completing 1,400 updated EPC's, the average SAP score of 69.1 which is pretty much the same as previous years. A minor drop is easy to explain, as the funding isn't available to undertake energy efficiency works and decent homes works. We needed to invest now in EPC's as without them you cannot apply for government funding to undertake energy efficiency works. Thanks to the investment in EPC's, we've been able to apply for and secure external energy efficiency funding through the LAD2 scheme. There is a time lag on receipt of these figures.

The Sheerwater properties are being used pending the redevelopment of Sheerwater.

The April/May figures were incorrectly placed in the Green Book spreadsheet. This has now been amended.

Annual Homelessness Indicators	Target	Desired Direction of Travel	18/19	19/20	20/21	21/22
SO-015: Number of rough sleepers	1 - 10	↓	11	11	1	
SO-082: The number of households prevented from becoming homeless	N/A	N/A	78	N/A	N/A	N/A

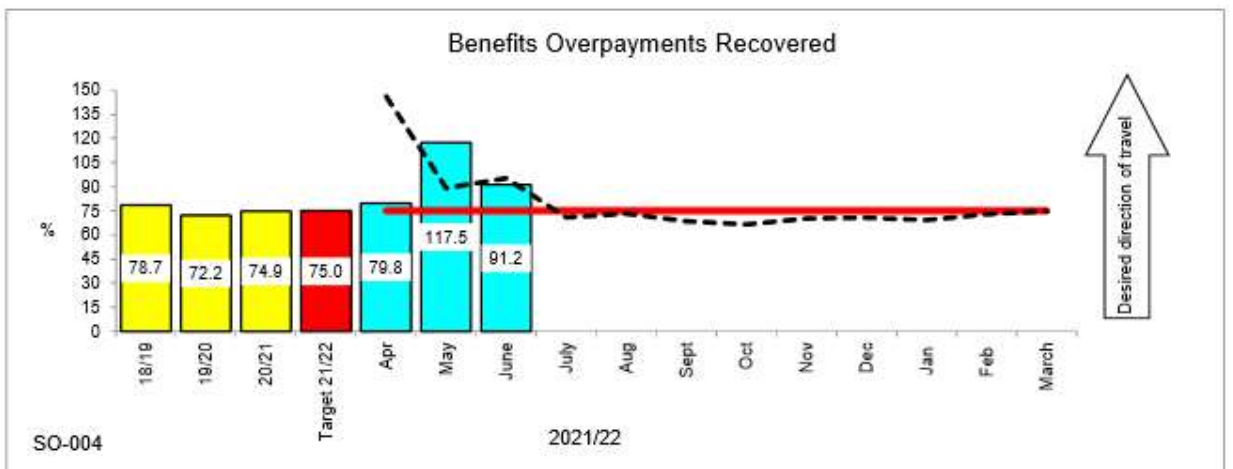

The number is very low as this was the only person on the street. All other rough sleepers were brought into accommodation under the Government's "Everyone In" scheme.

Quarterly New Vision Homes Indicators	Annual Target	20/21	Apr-Jun	Jul-Sep	Oct-Dec	Jan-Mar
IM1: Rental income (%)	98.90	95.06	86.68			
IM3: Average days void	21	30.13	35.22			
RR1: Emergency repairs (%)	98.75	99.84	98.68			
RR2: Urgent repairs (%)	97.75	97.61	99.01			
RR3: Routine repairs (%)	96.72	92.33	93.04			

Income performance includes a brought forward balance so the figures in the early part of the year will always be low – the collection rate including b/f balance is only truly measurable at year end. The collection rate excluding the b/f balance for Q1 has been excellent at 101.83%.

General repairs performance remains at a good level but void turn-around times have continued to be an issue throughout Q1. NVH have held various meetings with the contractor to address a number of problems and to ensure that all parties are taking actions to put things right. There also continues to be a number of issues with SSE who take over the energy supply for voids and their ability to ensure gas and electric meter issues are dealt with in a timely manner. This is out of NVH's control and is adding considerable delays to some voids.

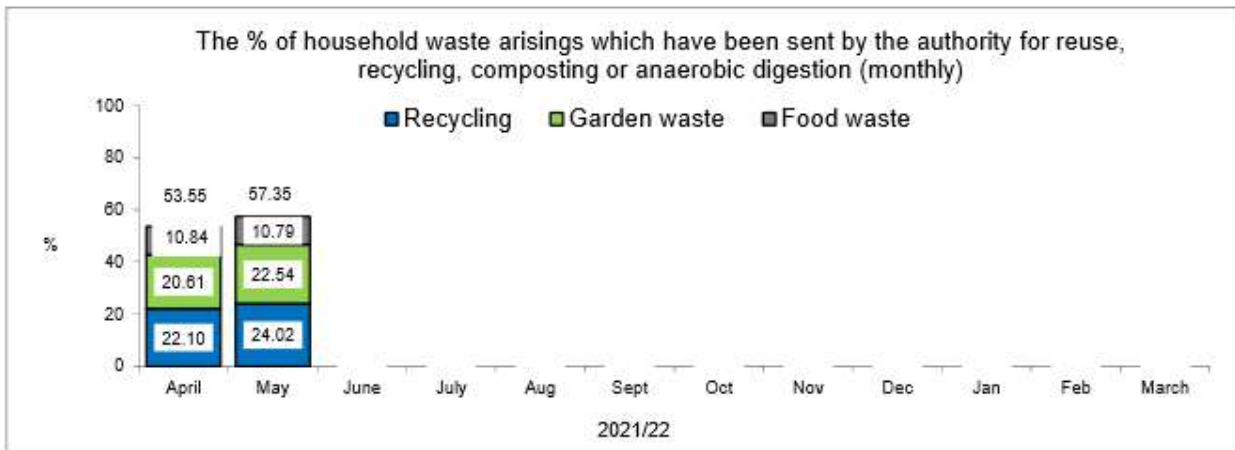

HOUSING BENEFIT AND COUNCIL TAX (Responsible Manager - David Ripley)

WASTE AND CLEANLINESS (Responsible Manager - Geoff McManus)

The table represents household waste collected via the Council's recycling, composting, re-use and recovery services. The Covid-19 crisis is impacting recycling trends, with similar recycling rate changes being experienced across the wider Surrey area. There is a 5 week time lag on this indicator.

Waste and recycling tonnages are continuing to be affected by the Covid-19 pandemic; due to residents staying/working from home. There is a 5 week time lag on this indicator.

Quarterly Waste Indicators	Annual Target	Apr-Jun	Jul-Sep	Oct-Dec	Jan-Mar
NI-191: Residual household waste per household (kg)	350				

Figures provided quarterly. Population figure used = 42,953. There is a 5 week time lag on this indicator.

Indicator EN-093 enables the Council to measure its contractors performance by recording the number of genuine missed waste and recycling containers reported by residents. Data for April and May is currently unavailable. There is a 5 week time lag on this indicator.

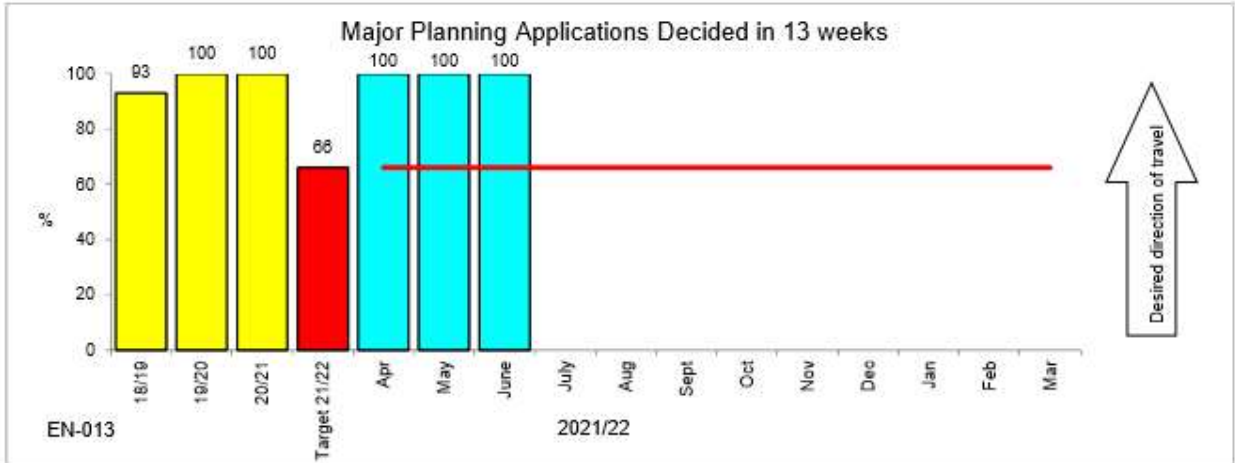

Please note that there can be more than one investigation action per fly tipping incident. This is why there are more investigation and enforcement actions than there are fly tipping incidents.

Satisfaction surveys are carried out through a telephone poll of 300 residents every quarter. There is a one month time lag on this figure.

PLANNING (Responsible Manager - Thomas James)

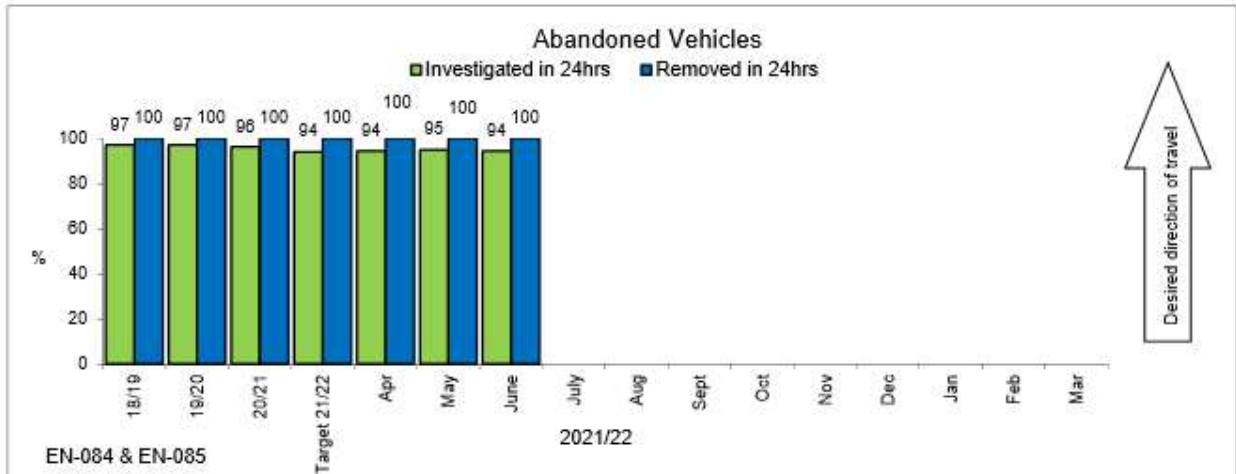

Total Residential Properties Completed				
Year	Residential Properties Target	Dwellings	Affordable Housing Target	Affordable Housing

2018/19	292	231	102	37
2019/20	292	303	102	19
2020/21	292	147	102	6
2021/22	292	180	102	6
Cumulative Total	3212	2849	1122	446

This table has been added to show all of the residential completions each year since 2010/11, which was the start of the current Local Plan period. The affordable housing numbers may vary from those recorded in the Housing section of the Green Book, due to use of different monitoring arrangements and the inclusion of acquisitions (in the Housing section only).

COMMUNITY SAFETY (Responsible Manager - Geoff McManus)

*24 hours from the time that the vehicle can be legally removed. The table shows the cumulative percentage of vehicles visited and removed during the course of the year.

Targeted inspections are revised this year due to the FSA 'Recovery Plan' outlining priorities for high risk and newly registered inspections rather than the usual programme. 'Revised inspections due' will include adjustments for inspections brought forward due to public health risk, new registrations, inspections completed as a result of a re-rating request and businesses that have ceased trading.

Quarterly Environmental Health Indicators	Desired Direction of Travel	Apr-Jun	Jul-Sep	Oct-Dec	Jan-Mar
Percentage of establishments with a food hygiene rating of 3 or better	↑	96%			

Annual Environmental Health Indicator	Target	Desired Direction of Travel	2019/20	2020/21	2021/22
Satisfaction of business with Environmental Health	85%	↑	91%	Unavailable	

Business satisfaction, engagement and enforcement were much lower in 2021/22 due to the pandemic. Results are therefore recorded as 'Unavailable' as despite being a percentage, is not a true reflection in comparison to previous years.

REVENUE BUDGET - MAJOR VARIATIONS AND RISK AREAS
JUNE 2021

Introduction

The report that follows summarises the General Fund and Housing Revenue Account budget variations for 2021/22 based on information available at the end of June.

Set out below are explanatory notes for the major variations that have been identified.

General Fund – Major Variations and Risk Areas

The Council allowed a General Fund risk contingency of £250,000 in the Budget for 2021/22 and assumed a £9.5m use of reserves to meet service pressures and Covid related income losses. Budget monitoring to the end of June indicates a forecast reduction in this use of reserves of £1,593,562. The variations making up this overspend are reported below.

	Position to June £	Forecast Outturn 2021/22 £
<u>Impact of Covid on Income Budgets</u>

Forecast Underspend/Reduction in Use of Reserves at June 2021		

Items marked with a * in the table and the following comments have changed this month. Further details of each of these variations are set out in the following section.

Covid related service expenditure in 2021/22 is currently assumed to be met through specific Covid grant funding and Contain Outbreak Management Fund (COMF). This position will be monitored and variations reported as the year progresses.

- a Car Parks Income (Geoff McManus, Director of Neighbourhood Services)
The gradual lifting of Covid restrictions and impact of changes to behaviours has meant activity is still significantly reduced during quarter 1 of 2021-22. The situation will continue to be closely monitored.

The government has extended the income compensation scheme for lost sales, fees and charges to 30 June 2021, which will fund 75% of the losses over an initial 5% reduction in income. The forecast income from this scheme is shown separately.

- b Commercial Rents (Ian Tomes, Strategic Asset Manager)
The National Lockdowns and various levels of restrictions in force has resulted in a difficult trading environment for businesses within the Borough. A number of tenants in the Council's commercial properties have had difficulties in paying rent and service charges due during this period. Where possible arrangements have been made to recover amounts due over time. An assessment of the potential lost income through irrecoverable debt forecasts a variance to budget of approximately £1.94m in 2021/22.
- c Leisure income (Steve May, Leisure Services Manager)
There is a forecast loss of income from the Leisure Management contract, as Covid restrictions affect the income which can be generated from the facilities. The government has extended the Sales, Fees and Charges compensation scheme until 30 June 2021 which will provide some compensation (reported separately) for this lost income, however there is a risk that no management income will be received in 2021/22. The Council has also continued to provide support towards operational costs while restrictions are in place and activity impacted.
- d Town Centre Leisure lease extension * (Ian Tomes, Strategic Asset Manager)
Due to the Covid pandemic the Town Centre Leisure lease has been extended to October 2021 to accommodate the housing pods provision for rough sleepers. There have also been costs relating to the assignment of the footbridge licence costs, giving a projected total cost of £495,383 in 2021-22.
- e Taxis and Private Hire Vehicles (Joanne McIntosh, Director of Legal and Democratic Services)
Activity levels for 2021/22 have been lower than forecast for Private Car Hire and Taxi Licences resulting in an overspend for the service.
- f Civic Events (Frank Jeffrey, Democratic Services Manager,)
Costs relating to Civic Events such as Remembrance Sunday, Civic Service, Civic Reception, Freedom of Borough and Peace Garden Service have either been scaled down for 2021 or postponed until 2022 due to the Covid-19 pandemic.
- g Legal Costs (Joanne McIntosh, Director of Legal and Democratic Services)
This overspend is in respect of legal costs associated with commercial properties that have been contracted out to external solicitors due to the volume of work.
- h Lightbox (Steve May, Leisure Services Manager)
There is an overspend of £26,000 in 2021-22 due to contract inflation.

- i Planning Inquiry Costs (Joanne McIntosh, Director of Legal and Democratic Services)
 In May 2021 the Planning Inspectorate held an inquiry into the Woking Football Club Stadium and associated developments planning appeals. There will be a second planning inquiry in relation to a site in Goldsworth Road later in the year. The total cost to the Council is forecast to be approximately £400,000.
- j Interest Costs (Neil Haskell, Financial Services Manager)
 There has been a saving in year as short term borrowing, at lower interest rates, has been taken in advance of securing long term PWLB loans. As the long term loans are taken during the year, this variance is expected to reduce. Loans to group companies have been lower than budgeted resulting in a reduction in income received, however this is offset by a reduction in associated PWLB interest paid and slippage in other project costs.

Housing Revenue Account (Louise Strongitharm, Director of Housing)

The 2021/22 Housing Revenue Account variations identified to the end of June 2021 are set out in the table below:-

	Position to June	Forecast Outturn 2021/22 £
Rent Recovery		0
Employees saving in excess of staffing budget	-2,909	-2,909
Increase in HRA outturn	-2,909	77,091

Rent Recovery

The collection rate is up significantly on the same period last year, but still down on pre-pandemic levels, due to many tenants struggling with the financial impact of Covid-19. Work continues in 2021/22 to ensure that those tenants receive advice and support in accessing Universal Credit. It is worth noting that with the embargoes on taking recovery action during 2020/21, the courts have a considerable backlog and have prioritised the most serious cases (i.e. significant ASB, substantial rent arrears of more than 1 year, etc.). Rental income is also affected by void properties within the Red Line of the Sheerwater Regeneration awaiting redevelopment. A bad debt provision for £200,000 has been budgeted for the year.

Capital and Investment Programme decisions

The Executive has delegated authority to approve new schemes up to £10 million in any year, subject to any individual project being not more than £5 million and the cost being contained within the Council's Authorised Borrowing Limit.

During 2021/22 no schemes have been approved under this delegated authority.

Opportunity Purchases

The Investment Programme includes an annual budget of £3,000,000 for opportunity purchases. There have been no acquisitions to date.

SHEERWATER REGENERATION

In April 2017 the Council authorised the purchase of private properties by Thamesway Housing Ltd, financed by Thamesway Developments Ltd (TDL), as part of the Sheerwater regeneration scheme. The Sheerwater Community Charter also offered an Assisted Purchase scheme where the Council would acquire a stake in a new property (up to 33% or £100,000) to enable residents to move to an equivalent property, and the option of a mortgage of last resort. The following amounts have been advanced since the schemes opened in August 2017:

<u>Capital Expenditure</u>	<u>No of Properties</u>	
Assisted Purchases and acquisition of new houses	26	£3,169,285
Mortgages	12	£1,868,830
Properties acquired by THL using WBC loan finance:		
Completed Sales (expenditure incurred)	111	£39,480,251
Offers Accepted (committed expenditure)	8	£1,688,125
	119	£46,206,490

Further costs incurred to date which are to be reimbursed by the project are detailed below (the timing of the reimbursement will be dependent on the financial position of the project):

The Birch and Pines Lease Surrender & Demolition	£231,924
The Sheerwater Underwrite Agreement	£3,841,106
Purchase Of Dwellings Within The Redline and acquisition of new houses	£4,682,457
Home Loss & Disturbance Payments	£1,860,291
Infrastructure Investment	£2,128,901
Financial Modelling	£82,821
Southern Housing Group Property Purchase	£3,657,402
Greenoak Housing Association Purchase	£4,029,551
	£20,514,454

Loan Finance Approvals

The Sheerwater regeneration is to be funded by loan finance from the Council. In April 2017 the Council agreed that funding will be advanced at cost to the Council with a 1% arrangement fee. During 2017/18 the Executive approved £5m to be made available to Thamesway Developments Ltd (TDL) and on 5 April 2018 the Council approved a loan facility of £26m to enable TDL to construct the leisure and recreational facilities at the Bishop David Brown site. On the 4 April 2019 the Council approved a further short-term loan facility of £42m to TDL, on terms previously approved, to enable the first residential phase (Purple). The Council also approved that on completion of the Purple phase a 50 year loan facility of £48.4m be made available to Thamesway Housing Ltd at a margin of 0.5%. On 13 February 2020 the Council approved the loan finance for the delivery of the scheme as whole. As detailed in the Council report arrangement fees and margins were removed from the loan facilities for the scheme.

Project Management\Revenue Expenditure

The following costs have been identified to be funded from the Sheerwater Regeneration reserve\WBC Resources:

	<u>To Date</u>
Sheerwater Regeneration Staff Costs Not Charged To TDL	£666,273
Removal Costs	£89,906
Equalities Survey	£80,881
Miscellaneous Costs	£131,962

These properties have been acquired to support the economic sustainability and employment space in Woking. Based on June, the above properties will provide a net benefit to the Council of circa £4,930,000 per annum. The reasons for the variations from the business case projections are on the next page.

STRATEGIC PROPERTY INVESTMENTS

<u>Property</u>	
Cleary Court	Cleary Court currently has 2 office suites and 2 shop units vacant, although 1 shop unit has been relet and rent has become payable from April 2021.
Morris House	The rent shortfall is due to the vacant ground floor retail units which have been empty since acquisition
6 Church Street West	There is a new full repairing and insuring lease now in place with the Department of Work and Pensions (DWP) for the whole building paying approximately £795,000 per annum effective December 2020.
Orion Gate	Orion Gate is fully let.
Dukes Court	The assumed rent for Dukes Court was reduced by 10% on acquisition to allow for turnover of tenancies and to recognise the need to set aside a proportion of rents received into a sinking fund to meet future landlord investment. The financing cost assumption included additional costs which have not yet been incurred. Vacant space now amounts to some 27,000fts2 in units B4, C1, C3,C6,C7,D1 and Cherstey House
Red House	Red House is fully let.
CMS House Poole Rd	CMS House is fully let.
Victoria Gate	Victoria Gate is fully let.
Midas House	Midas House was acquired on 31 January 2019. Part of the 1st floor, 2nd floor and 3 floor are vacant. The vacant shop unit has been let and rent has been payable from April 2021.
Albion House	Albion House was acquired on 29 March 2019. There is currently 1 void unit.

Building Control (David Edwards, Chief Building Control Surveyor)

With the end of lockdown approaching, confidence is returning strongly in the domestic construction market. Additionally there are a few major developments that may produce large incomes, however this is offset against the effects of home working and online shopping on the commercial sector. Income is likely to stay slightly below budget during this recovery phase until we can see the effects of these forces.

Development Management (Thomas James, Development Manager)

Despite a significant increase in the number of planning applications being received, these generally have involved the submission of householder and minor applications which attract lower fees. Fees will continually be monitored and it is expected income will return to being 'on budget' during the financial year.

Land Charges (David Ripley, Revenue & Benefits Manager)

Prices have been set to reflect the cost neutral requirement of Land Charges fees and income. Activity to date suggests income will be above budget for the year.

Notes

- At its meeting on the 4 February 2021 the Executive agreed that the staffing budget for the year would be limited to £15.590m and an annual average number of staff for the year of 340 FTE. CLT will manage the staffing budget flexibly within these two parameters.
- The above figures exclude costs of £79,568 on redundancy payments, which will be met from the management of change budget. The amount is split as follows:

General Fund	60,850
Housing Revenue Account	18,718
	<u>79,568</u>

- Contributions towards costs reflect costs included in main table for which we receive some external funding.
- The variation above is split between the General Fund and Housing Revenue Account as follows:

General Fund	-152,249
Housing Revenue Account	-2,909
	<u>-155,158</u>

Variation to Date	-1,119,703 -12%	-2,060,933 -16%	-941,230 -26%

Loans to group companies and Victoria Square have been lower than budgeted resulting in an adverse variance in interest received, however, this variance has been offset by borrowing being lower than forecast and short term borrowing has been at lower interest rates than was assumed in the budget. Interest costs will increase as existing short term borrowing is refinanced with long term PWLB loans during the year.

* GENERAL FUND SAVINGS REQUIREMENT

The General Fund budget set in February 2021 included a savings target of £100,000 consistent with previous years. However, the budget also forecast that the Council would need to use reserves to mitigate Covid specific income losses and some underlying pressures in 2021/22. The Medium Term Financial Strategy (MTFS) report approved by Council in April 2021, includes an additional savings target of £1m for 2021/22 to reduce the use of reserves. A further update to the MTFS and proposed approach to achieving savings, will be considered by the Executive in July 2021 and progress will be reported as the year progresses.

HOUSING REVENUE ACCOUNT

Following the outsource of the housing management services there is little opportunity to achieve further efficiency savings due to the nature of the HRA under the new arrangements. Therefore, no savings target was set for 2021/22.

CIL is a charge levied on new developments to contribute towards infrastructure delivery. A proportion of the money received from this charge is allocated to Wards or Neighbourhood Areas where the development occurred, to be used for local community projects. Ward Councillors can apply for this funding and work with providers and resident groups to deliver identified community projects. The above table sets out the proportion of the CIL income that has been earmarked for the various Wards and Neighbourhood Areas to date.

(1) £132,796k of the long term borrowing is Housing Revenue Account, with £98,006k of this relating to the Housing Self Financing settlement. The remainder of the borrowing relates to the General Fund.

(2) WBC Treasury utilises AAA rated Money Market Funds operated by Deutsche Bank Advisors, Ignis Asset Management and Federated Hermes Cash Management Fund to manage day to day cash flow.

(3) These investments are used to provide operational assets within the group companies, and consequently fall outside the liquidity measure within the Council's approved Investment Strategy i.e. that a minimum of 65% of investments should mature within 12 months of placing an investment.

** These loans were previously classified as LOBO (Lender Option Borrower Option) loans. Barclays notified the Council that it had permanently waived its rights under the lender's option of the LOBO feature of the loans to change the interest rate in the future. As a result, the loans effectively became fixed rate loans at their current interest rates with their stated maturities and no risk that the rates will be changed in the future. This change was effective from 28th June 2016.

Lender Option Borrower Option (LOBO) Loan Debt

£15m of the Council's long term borrowing is in the form of loans called LOBOs. These loans have a 'step up' date after which the lender has the option of asking for the interest rate to be increased at specific intervals ('call periods'). Should the lender request a rate increase, the Council has the option of repaying the loan and seeking an alternative source of finance. Some LOBOs have an interest rate increase pre-agreed at the 'step up' date at which the borrower does not have the option to repay. The new rate is referred to as the 'back-end rate'.

Notes

1. TCMK - Gross profit is not impacted due to the low gas price revenue & costs
2. TSCL income is exceeding budget due to the Green Homes Grant from BEIS
3. Revenue for TDL includes invoicing for partially completed construction projects
