

ANGELIC NETWORK CIC – APPLICATION FOR FINANCIAL ASSISTANCE

Executive Summary

Angelic Network Community Interest Company was formed on 13 July 2020. It is a newly established organisation which aims for BAME community empowerment through development. The Charity's main aims are to help the BAME community with developing their understanding of technology. It also wants to improve their quality of life by educating them on how to live a healthy lifestyle, and improve their mental health by taking them out on trips and days outs.

The Group has applied for funding of £13,215 towards its planned strands of activity during the year ahead for healthy eating and lifestyle workshops, technological support for its users, and social gatherings such as local walks and coffee mornings.

It is acknowledged that this is a local grass-roots charity formed by a group of Woking residents with a range of expertise in education and the NHS. The aim of the Charity seeks to support local BAME residents to tackle issues surrounding healthy lifestyles, wellbeing and digital exclusion. These are areas that are highly relevant to Woking's Health and Wellbeing priorities and the Charity is set up within an area of identified need.

The Charity's directors are encouraged to engage with the Family & Community Services Manager and Volunteer Manager to explore wider opportunities that will strengthen their networks and explore use of local assets to reduce future delivery costs. However as the group is new and with no financial accounts at this stage, it is recommended that no grant be awarded.

Recommendations

The Executive is requested to:	RESOLVE That no grant be awarded.
Reason for Decision	The Group has not demonstrated sufficient justification for funding from the Community Grants Scheme.

The Executive has authority to determine the above recommendations.
