**7. Infrastructure Delivery Plan – Second Part**

Ernest Amoako introduced the report.

The Chairman queried whether the Infrastructure Working Group had provided an input into this document. Councillor W Forster advised that this Group had only recently been re-formed and he was not aware that any members from this Group had made comment on this.

Ernest Amoako confirmed that he had sent these papers to the east of the borough Councillors so that they could feedback comment before this meeting.

Councillor W Forster unsure whether it needs to go to the Infrastructure Delivery Working Group and thought it was sufficient for it to be considered by the Executive.

RECOMMEND that the contents of the Infrastructure Capacity Study and Delivery Plan – east of the borough and borough-wide study be noted and approved.
