

ANNUAL GOVERNANCE STATEMENT 2017-18

Executive Summary

The Annual Governance Statement demonstrates the effectiveness of the Council's corporate governance environment and incorporates the statement on internal control (SIC) requirements to demonstrate the Council has appropriate internal control mechanisms in place.

The evaluation of governance arrangements is based around the CIPFA/SOLACE governance framework 'Delivering Good Governance in Local Government' which brings together an underlying set of legislative requirements, governance principles and management processes relating to the whole organisation.

The framework has seven core principles of governance focusing on the arrangements, systems and processes for the direction and control of the organisation and its activities through which it accounts to, engages with and, where applicable, leads the community.

To assist in the assessment process CIPFA has produced a detailed matrix of questions for the statement in accordance with the framework's governance principles. This matrix has been used as the basis for the governance analysis attached at Appendix 2.

Arising from the assessment is a requirement to produce a Governance Statement and action plan to correct any identified problems in the governance arrangements. The Governance Statement is attached at Appendix 1. The statement will be published separately on the internet as well as forming part of the Statement of Accounts.
