JULY 2018

**EXCEPTION REPORT
JULY 2018**

The purpose of this report is to highlight those indicators where performance significantly differs from the target set for the year. This report needs to be read in conjunction with the detailed information and graphs which are set out in the following pages.

In some cases indicators are included here because we are performing better than target and in others because we are not meeting our target. A list of these indicators is set out below with a short commentary.

KEY	☺	Doing really well	☹	Off target - continue to monitor	☹	Management action needed
------------	---	-------------------	---	----------------------------------	---	--------------------------

Performance Indicator	☺ ☹ ☹	Page	Comments
IM3: Average Days Void	☹	8	The increased time taken to process voids was due to the new contractor becoming familiar with the process.
RR2: Urgent Repairs	☹	8	There has been increased flexibility for residents booking appointments for urgent works. This has resulted in residents being able to book appointments at a convenient time to them, rather than being tied to a set timescale
SO-004: Benefits Overpayments Recovered	☺	9	Housing Benefit overpayments are being pursued using all methods available.

Performance Management - Monthly Performance Monitoring of Performance Indicators
JULY 2018

Introduction

The Council's corporate approach to improving efficiency is supported by integrated performance management and monitoring systems. Performance Indicators, across a range of service areas, are monitored and reported monthly in this document, the Green Book. The Green Book also supports the monitoring of contractual relationships the Council has with its outsourced service providers. The Council uses a variety of performance indicators to monitor how well our services are performing in meeting the needs of our residents.

We monitor our performance on a monthly basis to ensure that we remain focused on our priorities and to ensure that we can promptly deal with underperformance wherever necessary. All the monitoring data is circulated to elected Members, Corporate Management Group, staff and the public.

Additional information is shown on the charts where appropriate to aid analysis and indicate where management intervention may be needed:-

Last year's performance is shown as a dotted line which is useful for comparative purposes and enabling target profiling to be considered.

In many cases some natural variation in performance is to be expected and this is represented (in some charts) by a thinner line above and below the red target line, based on calculating the standard deviation of previous year's actual performances.

Performance is reported cumulatively for most indicators. Where this is not the case it is indicated on each graph.

The objective of the additional information is to enhance the monitoring of performance. The aim is to be as close to the target line as possible and at least within the upper and lower lines. Significant variation outside these lines might indicate a need for management intervention or could suggest a fortuitous improvement which might not be sustainable.

Here's an example of the typical information you will find in each chart:

CORPORATE HEALTH INDICATORS (Responsible Manager - Various)

Since January 2009, measures have been in place to reduce the time taken to pay Local Suppliers. The Average Number of Days taken to pay Local Suppliers in June was 27.94 (Target = 12 days); Average Number of Days taken to pay All Suppliers in July was 25.67 (Target = 20 days). Late Payment legislation introduced in March 2013 provides for all undisputed invoices payable by a Public Authority to be paid within 30 calendar days, unless agreed with the supplier, and introduces financial penalties for late payment.

EC-007: Percentage of clerical errors recorded at the last election	↓	0.0001	0.14	0.0001	

There will be no monthly updates to the Electoral Register published in October, November and December whilst the annual canvass is carried out.

HUMAN RESOURCES (Responsible Manager - Amanda Jeffrey)

The number of employees included in the top 5% can differ, depending on the total number of employees, and if there are salary changes for top earners. This causes these figures to fluctuate, even if no one in the top 5% of earners leaves the organisation.

Excluding long term sickness to June = 1.07 days. There is a 1 month time lag on this indicator.

There have been no early retirements during this financial year so far.

The % of economically active disabled people in Woking is 5.6% (Source 2011 census).

The % of economically active people from BME communities in Woking is 5.1% (source 2011 census). August figure has been revised from 18.76.

HOUSING (Responsible Manager - Sue Barham)

No properties have been brought back into use so far this financial year.

The Council has 27 units of Temporary Accommodation which are part of the Council's own stock. They are large houses and each unit is generally one or two rooms with shared facilities. Non-Secure tenancies are offered to households who approach the Council as homeless or threatened with homelessness or as a way of preventing homelessness. They are the Council's own stock and are self-contained properties. Applicants are housed on a temporary basis under homelessness legislation until they can bid successfully through the Council's Hometrak Scheme.

IM1: Rental income (%)	98.90	92.16				
IM3: Average days void	21	43.27				
RR1: Emergency repairs (%)	98.75	98				
RR2: Urgent repairs (%)	97.75	77.94				
RR3: Routine repairs (%)	96.72	97.07				

All NVH figures are percentages of the total except IM3 (days). RR1, RR2 and RR3 refer to % of repairs complete on time, these are provisional figures and may be amended following an annual audit. There is a time lag on receipt of these figures.

WASTE AND CLEANLINESS (Responsible Manager - Geoff McManus)

The table represents household waste collected via the Council's recycling, composting, re-use and recovery services but excludes waste sent to landfill or energy for waste.

The chart shows the individual months, the Council's overall recycling performance is shown in the cumulative table. The ratio of recycling to general waste collection days cause variances (up and down) in the monthly performance. There were 4 weeks in April with 10 recycling days and 11 waste days. There were 5 weeks in May with 10 recycling days and 13 waste days. The higher number of waste days compared to recycling days for both months may contribute to a higher generation of general waste across April and May.

Quarterly Waste Indicators	Annual Target	Apr-Jun	Jul-Sep	Oct-Dec	Jan-Mar
NI-191: Residual household waste per household (kg)	350	94.60			

Figures provided quarterly. Household population figures used = 42,953

Indicator EN-093 enables the Council to measure its contractors performance by recording the number of genuine missed waste and recycling containers reported by residents. This does not include non-collections when the service is postponed as a result of inclement weather. Please note that on Monday 7th May, one food waste round was reduced from the fleet, which may have had a slight impact on the number of missed collections recorded during this month. JWS have worked with Amey to address these on a case by case basis.

Please note that there can be more than one investigation action per fly tipping incident. This is why there are more investigation and enforcement actions than there are fly tipping incidents. Investigations for June Figures include 169 warning letters

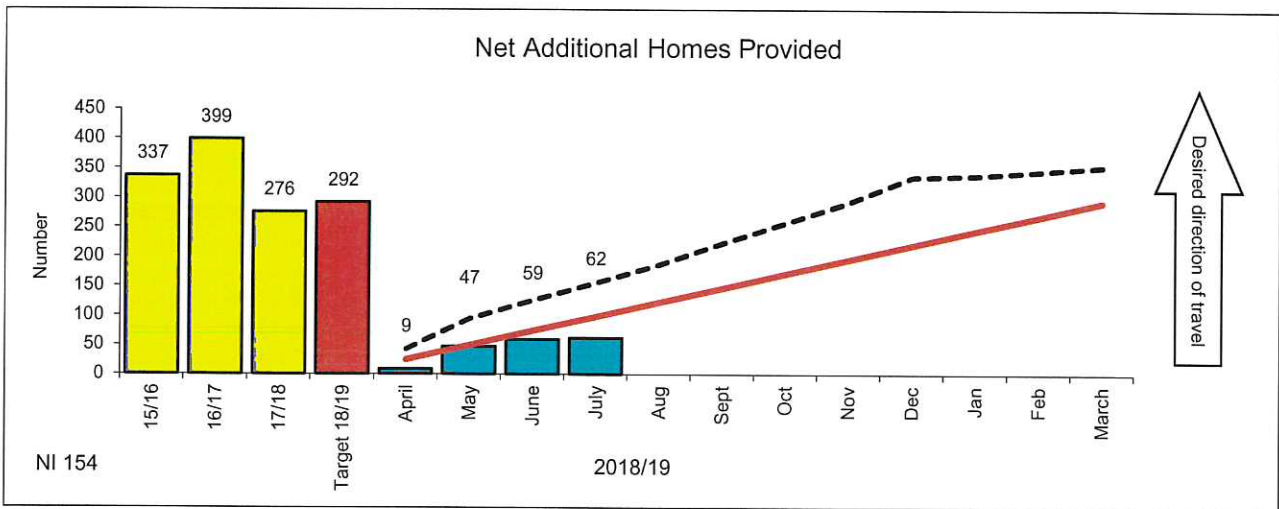

Satisfaction surveys are carried out through a telephone poll of 300 residents every quarter. There is a time lag on the receipt of this figure.

PLANNING (Responsible Manager - Chris Dale)

The 2017/18 figure has been revised since the March Green Book from 90% to 100%.

COMMUNITY SAFETY (Responsible Manager - Geoff McManus)

*24 hours from the time that the vehicle can be legally removed. The table shows the cumulative percentage of vehicles visited and removed during the course of the year. To date there have been 742 out of 770 vehicles inspected within 24 hours and 51 out of 52 vehicles removed within 24 hours (1 not removed within 24hrs as contractor had a vehicle breakdown).

REVENUE BUDGET - MAJOR VARIATIONS AND RISK AREAS

JULY 2018

Introduction

The report that follows summarises the General Fund and Housing Revenue Account budget variations for 2018/19 based on information available at the end of July.

Set out below are explanatory notes for the major variations that have been identified.

General Fund – Major Variations and Risk Areas

The Council allowed a General Fund risk contingency of £250,000 in the Budget for 2018/19, of which £50,000 has been allocated for skate park repairs, and £75,000 on the Woking College 3G pitch project. Budget monitoring to the end of July 2018 indicates an underspend for the year of £322,211. The variations making up this underspend are reported below.

	Position to July £	Forecast Outturn 2018/19 £
a VAT refund	-80,137	-80,137
b Business Rates	64,500	64,500
c Environmental Maintenance Agreement (Surrey County Council)	-8,726	-27,176
d Civic Offices Rent Income	-66,411	-135,195 *
e Building Control income	-59,295	-25,000
f Development Management income	-122,126	-100,000
g Democratic Representation	15,000	15,000
h Selective Licensing	-19,609	-19,609
i Sheerwater Red Line Void Properties Council Tax	45,653	45,653
j The Sportsbox	0	22,706 *
k Surrey County Council Health & Social Care Funding	-17,161	-51,483 *
Savings in excess of target (see savings page)	-83,000	-83,000
Employee costs above staffing budget	51,530	51,530 *
Total Underspend July 2018	-279,783	-322,211
Position at June 2018		-323,869

Items marked with a * in the table and the following comments have changed this month. Further details of each of these variations are set out in the following section. Unless specifically mentioned in the notes below, these variations are considered to be of a 'one-off' nature in 2018/19, and are unlikely to recur in future years.

- a VAT refund (Neil Haskell, Financial Services Manager)
Ongoing efforts have been successful in obtaining refunds from HMRC in respect of historic overpaid VAT as a result of a recent court case.
- b Business Rates (Geoff McManus, Assistant Director/Ian Tomes, Strategic Asset Manager)
Revaluation costs, voids and other minor variations in respect of Council buildings have resulted in an overspend against budget of £64,500 on NNDR in 2018/19.
- c Environmental Maintenance Agreement (Surrey County Council) (Geoff McManus, Assistant Director)
The Surrey County Council contribution towards environmental maintenance was agreed at £27,176 above the provisional income budget.

- d Civic Offices Rent Income * (David Loveless, Building Services Manager/Ian Tomes, Strategic Asset Manager)
The additional accommodation occupied by Surrey Police and the Job Centre Plus has resulted in more income than budgeted of £161,982. This is partly offset by less income than budgeted of £26,787 from Pinnacle PSG who have given up the depot space previously occupied by Mears. The full year effect is £135,195 more income than budgeted during 2018/19.
- e Building Control Income (David Edwards, Chief Building Control Surveyor)
Income to date is £59k above budget for the year to date, as a result of 2 large applications being received. Assuming the underlying activity continues for the rest of the year this could result in additional income in the region of £25k - £50k.
- f Development Management Income (Chris Dale, Development Manager)
Income is currently ahead of the budget to date by some £122k, which is due to several large application fees being received in the first quarter. If the underpinning activity continues at current levels a saving of at least £100k is likely by the year end.
- g Democratic Representation * (Frank Jeffrey, Democratic Services Manager)
Following a Members Allowance review, backdated allowances are payable in 2018/19 resulting in an overspend of £15k.
- h Selective Licensing (Neil Coles, Housing Standards Manager)
A 75% compliance rate was assumed when setting the £110,320 Licence Fee and £216,500 Financial Penalty income budgets under the Selective Licensing Scheme. To date the actual compliance rate is 81%. This is positive as it ensures more landlords are providing appropriate standards of accommodation. However there is 6% less scope for income to be generated from licence fees (these are only charged to landlords applying after the deadline) and from financial penalties on landlords not complying with the scheme.
- i Sheerwater Red Line Void Properties Council Tax (Sue Barham, Strategic Director)
36 properties within the Red Line of the Sheerwater Regeneration are being held as vacant. It is proposed that a Section 13A(1)(c) discretionary relief is applied on the council tax for these properties. This discount would be at a cost to WBC's General Fund and not shared with the Police or Surrey County Council.
- j The Sportsbox (Sue Barham, Strategic Director) *
The new Sportsbox facility at Hoe Valley opened a month earlier than initially planned, with the majority of the facilities being in use from the end of July, rather than the beginning of September as initially estimated. A payment of £22,706 above the budgeted Management Fee is due to Freedom Leisure to cover this extra month. There may potentially be other cost variations (energy for example) arising from this early opening which have not yet been identified.
- k Surrey County Council (SCC) Health & Social Care Funding (Sue Barham, Strategic Director) *
Last financial year SCC gave notice that they intended, due to the significant financial challenges they faced, to reduce the funding provided through the health & social care service level agreements with WBC. At the time of preparing the 2018/19 budget, as the direction of SCC's funding going forward was still very unclear, it was considered prudent to assume a certain level of reductions. However, for 2018/19, funding for Day Care and Meals has been maintained at the same level as 2017/18 securing £51,483 more income than expected.

Housing Revenue Account (Sue Barham, Strategic Director)

The 2018/19 Housing Revenue Account variations identified at 31 July 2018 are set out in the table below:-

	Forecast Outturn 2017/18 £
Void Losses on Sheerwater Regeneration Properties	174,325
Employees saving in excess of revised staffing budget	-71,510
Increase in projected HRA outturn	<u>102,815</u>

Sheerwater Regeneration Properties Void Losses *

36 properties within the Red Line of the Sheerwater Regeneration are being held as vacant to facilitate the commencement of the Sheerwater Project. The full year effect of these properties remaining vacant for the remainder of the financial year is £174,325. If the number of properties becoming available for development continues at the same rate the loss of income will be approximately £312,000 in 2018/19.

Capital and Investment Programme decisions

The Executive has delegated authority to approve new schemes up to £10 million in any year, subject to any individual project being not more than £5 million and the cost being contained within the Council's Authorised Borrowing Limit.

During 2018/19 the following scheme has been approved under this delegated authority:

Woking Park Tennis Court Improvements	£164,000
---------------------------------------	----------

Opportunity Purchases

The Investment Programme includes a budget of £3,000,000 for opportunity purchases in 2018/19. The full cost of acquisitions funded from this budget are as follows:

7 Guildford Road - area for potential redevelopment	£609,270
Lye End Cottage - provision of St Johns Scout Headquarters (subject to planning)	£375,339
	<u>£984,609</u>

SHEERWATER REGENERATION

In April 2017 the Council authorised the purchase of private properties by Thamesway Housing Ltd, financed by Thamesway Developments Ltd (TDL), as part of the Sheerwater regeneration scheme. The Sheerwater Community Charter also offered an Assisted Purchase scheme where the Council would acquire a stake in a new property (up to 33% or £100,000) to enable residents to move to an equivalent property, and the option of a mortgage of last resort. The following amounts have been advanced since the schemes opened in August 2017:

<u>Capital Expenditure</u>	<u>No of Properties</u>	
Assisted Purchases	8	£687,400
Mortgages	1	£280,250
Properties acquired by THL using WBC loan finance:		
Completed Sales (expenditure incurred)	48	£17,372,410
Offers Accepted (committed expenditure)	32	£10,329,800
	<u>80</u>	<u>£28,669,860</u>

Further capital costs incurred to date which are to be reimbursed by the project are detailed below:

The Birch and Pines Lease Surrender & Demolition	£231,924
The Sheerwater Underwrite Agreement	£3,841,000
Purchase Of Dwellings Within The Redline	£3,306,000
Infrastructure Investment	£2,129,000
	<u>£9,507,924</u>

Income

The Sheerwater regeneration is to be funded by loan finance from the Council. In April 2017 the Council agreed that funding will be advanced at cost to the Council with a 1% arrangement fee. The arrangement fee is charged in total on the initial access to the loan facility. The income generated will be set aside in a Sheerwater Regeneration reserve and used to cover the direct costs to the Council of the scheme. During 2017/18 the Executive approved £5m to be made available to Thamesway Developments Ltd and on 5 April 2018 the Council approved a loan facility of £26m to enable TDL to construct the leisure and recreational facilities at the Bishop David Brown site. There are also arrangement fees due from the loans to cover capital expenditure on completed sales as set out above.

Project Management\Revenue Expenditure

The following costs have been identified to be funded from the Sheerwater Regeneration reserve:

	<u>To Date</u>
Sheerwater Regeneration Housing Support Officers (full year effect £111,000)	£133,288
Programme Manager for the Sheerwater Regen Project	£85,014
Removal Costs	£16,385
Home Loss & Disturbance Payments	£451,904
Equalities Survey	£41,068
Financial Modelling	£82,821
Miscellaneous Costs	£27,057
Total	<u>£837,537</u>

<u>Compulsory Purchase Order (CPO)</u>	<u>Income</u>	<u>Expenditure</u>
DCLG Estate Regeneration Grant	£285,000	
Committed legal advice for CPO process		£280,000

Car Park activity to July shows confidence that the overall parking budget will be met by the end of 2018/19. As in previous years, Christmas activity will influence the end of year outturn. The current variation to budget may be a consequence of the roadworks currently in the town.

Wolsey Place and Export House

The overall position for Wolsey Place requires the rental income to be supported from the Wolsey Place reserve created at the time of acquisition and from the £10m received on surrender of a lease at Export House. This reserve is also used to fund dilapidations, refurbishments for new tenants and void costs.

Major variations are as a result of rent reductions in Wolsey Walk West due to the Victoria Square Development and new rental settlements being significantly less than existing on some of the bigger units, although this was expected. Lastly, in Export House there are a number of empty floors and no new lets, partly impaired by the Victoria Square Development works.

Industrial Sites, Offices and Other Sites

The overall position is expected to meet the budget at year end.

These properties have been acquired to support the economic sustainability and employment space in Woking. Based on July, the above properties will provide a net benefit to the Council of circa £1,312,000 per annum. The reasons for the variations from the business case projections are as follows:

Cleary Court currently has one vacant suite on the 1st floor.

Morris House redevelopment has completed. The office space is fully let however the restaurant units are not yet occupied.

6 Church Street West had a half vacant floor on acquisition for which the rent was under guarantee for 18 months and which expired the end of June 2018.

Dukes Court was acquired in November 2017 through the purchase of the Dukes Court company. It will be reported on this page once the property has been transferred to the Council.

Building Control (David Edwards, Chief Building Control Surveyor)

Income to date is £59k above budget for the year to date, as a result of 2 large applications being received. Assuming the underlying activity continues for the rest of the year this could result in additional income in the region of £25k - £50k.

Development Management (Chris Dale, Development Manager)

Income is currently ahead of the budget to date by some £122k, which is due to several large application fees being received in the first quarter. If the underpinning activity continues at current levels a saving of at least £100k is likely by the year end.

Land Charges (David Ripley, Revenue & Benefits Manager)

Prices have been set to reflect the cost neutral requirement of Land Charges fees and income. Early activity suggests income will be below budget for the year which will offset will offset some of the excess from prior years.

Notes

1. At its meeting on the 1 February 2018 the Executive agreed that the staffing budget for the year would be limited to £13.575m and an annual average number of staff for the year of 340 FTE. CMG will manage the staffing budget flexibly within these two parameters.

2. The above figures exclude costs of £32,111 on redundancy payments, which will be met from the management of change budget. The amount is split as follows:

General Fund	31,107
Housing Revenue Account	1,005
	<u>32,111</u>

3. Contributions towards costs reflect costs included in main table for which we receive some external funding.

4. The variation above is split between the General Fund and Housing Revenue Account as follows:

General Fund *	39,791
Housing Revenue Account	-71,510
	<u>-31,719</u>

5. *Additional General Fund activity in the current year is shown below and included in the major variations summary table:

General Fund	39,791
Lakeview Community Development Worker	11,739
	<u>51,530</u>

INTEREST RECEIPTS AND PAYMENTS

JULY 2018

	Interest Received	Interest Paid	Net Cost to WBC
2018/19 Estimate	<u>18,662,586</u>	<u>30,062,737</u>	<u>11,400,151</u>
Budget to date	6,220,862	10,020,912	3,800,050
Actual to date	5,129,350	8,362,169	3,232,819
Variation to Date	-1,091,512 -18%	-1,658,743 -17%	-567,231 -15%

Loans to group companies have been lower than budgeted resulting in an adverse variation in net interest costs, which has been more than offset by lower interest costs on borrowing.

A sum of £74k is included in interest paid in respect of a transfer of notional interest to the Wolsey Place reserve.

* 5 properties were sold under the Right To Buy to the end of July, at an average discounted price of £222,400 compared with a forecast of 22 for the year @ £190,000 each.

There is a government commitment that properties sold under Right To Buy will be replaced on a one for one basis. The Council exercised the option to retain the receipts for this purpose up until 2016/17 (after deductions of assumed income from the Government and payment of the Treasury Share), however, without an increase in the Council's borrowing cap, there were limited resources available to continue to fund the Council's share of this replacement housing. On 6 April 2017 the Council resolved that the Chief Finance Officer be authorised to determine whether or not to retain receipts in the future. £521,776 of receipts for Quarter 1 2018/19 have been retained to contribute to proposed developments.

The Secretary Of State has recently invited local authorities in high affordability pressure areas to bid for additional borrowing. The Council will seek to secure the ability to borrow through this process which would enable further receipts to be retained during 2018/19.

The first quarter Treasury payment for 2018/19 of £134,327.48 was made at the end of July 2018.

(1) £123,294k of the long term borrowing is Housing Revenue Account, with £98,006k of this relating to the Housing Self Financing settlement. The remainder of the borrowing relates to the General Fund.

(2) WBC Treasury utilises AAA rated Money Market Funds operated by Deutsche Bank Advisors, Ignis Asset Management and Prime Rate Capital Management to manage day to day cash flow.

(3) These investments are used to provide operational assets within the group companies, and consequently fall outside the liquidity measure within the Council's approved Investment Strategy i.e. that a minimum of 65% of investments should mature within 12 months of placing an investment.

** These loans were previously classified as LOBO (Lender Option Borrower Option) loans. Barclays notified the Council that it had permanently waived its rights under the lender's option of the LOBO feature of the loans to change the interest rate in the future. As a result, the loans effectively became fixed rate loans at their current interest rates with their stated maturities and no risk that the rates will be changed in the future. This change was effective from 28th June 2016.

Lender Option Borrower Option (LOBO) Loan Debt

£15m of the Council's long term borrowing is in the form of loans called LOBOs. These loans have a 'step up' date after which the lender has the option of asking for the interest rate to be increased at specific intervals ('call periods'). Should the lender request a rate increase, the Council has the option of repaying the loan and seeking an alternative source of finance. Some LOBOs have an interest rate increase pre-agreed at the 'step up' date at which the borrower does not have the option to repay. The new rate is referred to as the 'back-end rate'.
