

# Supporting Guidance - Pools of Conditions

**The content of this guidance broadly reflects but is not the statutory guidance (or any part of the statutory guidance) issued by the Secretary of State under section 182 of the Licensing Act 2003. This good practice guidance should be viewed as indicative and may be subject to change. Revised statutory guidance issued under section 182 of the Licensing Act 2003 was laid in Parliament on 25 April 2012 and is available on the Home Office website.**

## CORE PRINCIPLES

1. Licensing authorities and other responsible authorities (in considering applications) and applicants for premises licences and clubs premises certificates (in preparing their operating schedules) should consider whether the measures set out below are appropriate to promote the licensing objectives.
2. Any risk assessment to identify appropriate measures should consider the individual circumstances of the premises and the nature of the local area, and take into account a range of factors including:
  - the nature, type and location of the venue;
  - the activities being conducted there and the potential risk which these activities could pose to the local area;
  - the location (including the locality in which the premises are situated and knowledge of any local initiatives); and
  - the anticipated clientele.

**Under no circumstances should licensing authorities regard these conditions as standard conditions to be automatically imposed in all cases.**

3. Any individual preparing an operating schedule or club operating schedule is at liberty to volunteer any measure, such as those below, as a step they intend to take to promote the licensing objectives. When measures are incorporated into the licence or certificate, they become enforceable under the law and breach could give rise to prosecution.
4. Licensing authorities should carefully consider conditions to ensure that they are not only appropriate but realistic, practical and achievable, so that they are capable of being met. Failure to comply with conditions attached to a licence or certificate could give rise to a prosecution, in particular, as the provision of unauthorised licensable activities under the 2003 Act, which, on conviction would be punishable by a fine of up to £20,000 or up to six months imprisonment or both. As such, it would be wholly inappropriate to impose conditions outside the control of those responsible for the running of the premises. It is also important that conditions which are imprecise or difficult to enforce must be excluded.

## PART 1. CONDITIONS RELATING TO THE PREVENTION OF CRIME AND DISORDER

### RADIO LINKS AND TELEPHONE COMMUNICATIONS

Two-way radio links and telephone communications connecting staff of premises and clubs to local police and other premises can enable rapid responses to situations that may endanger the customers and staff on and around licensed premises. It is recommended that radio links or

telephone communications systems should be considered for licensed premises in city and town centre leisure areas with a high density of premises selling alcohol. These conditions may also be appropriate in other areas. It is recommended that a condition requiring a radio or telephone link to the police should include the following requirements:

- the equipment is kept in working order (when licensable activities are taking place);
- the link is activated, made available to and monitored by the designated premises supervisor or a responsible member of staff at all times that the premises are open to the public;
- relevant police instructions/directions are complied with where possible; and
- instances of crime or disorder are reported via the radio link by the designated premises supervisor or a responsible member of staff to an agreed police contact point.

## DOOR SUPERVISORS

Conditions relating to the provision of door supervisors and security teams may be valuable in relation to:

- keeping out individuals excluded by court bans or by the licence holder;
- searching those suspected of carrying illegal drugs, or carrying offensive weapons;
- assisting in the implementing of the premises' age verification policy; and
- ensuring that queues outside premises and departure of customers from premises do not undermine the licensing objectives.

Where the presence of door supervisors conducting security activities is to be a condition of a licence, which means that they would have to be registered with the Security Industry Authority, it may also be appropriate for conditions to stipulate:

- That a sufficient number of supervisors be available (possibly requiring both male and female supervisors);
- the displaying of name badges;
- the carrying of proof of registration; and
- where, and at what times, they should be in operation.

Door supervisors also have a role to play in ensuring public safety (see Part 2) and the prevention of public nuisance (see Part 4).

## RESTRICTING ACCESS TO GLASSWARE

Traditional glassware and bottles may be used as weapons or result in accidents and can cause very serious injuries. Conditions can prevent sales of drinks in glass for consumption on the premises. This should be expressed in clear terms and can include the following elements:

- no glassware, whether open or sealed, shall be given to customers on the premises whether at the bar or by staff service away from the bar; or
- no customers carrying glassware shall be admitted to the premises at any time that the premises are open to the public (note: this needs to be carefully worded where off-sales also take place).

In appropriate circumstances, the condition could include exceptions, for example, as follows:

- but bottles containing wine may be given to customers for consumption with a table meal by customers who are seated in an area set aside from the main bar area for the consumption of food.

The banning of glass may also be a relevant and appropriate measure to promote public safety (see Part 2).

## ALTERNATIVES TO TRADITIONAL GLASSWARE

Where appropriate, consideration should therefore be given to conditions requiring the use of safer alternatives to prevent crime and disorder, and in the interests of public safety. Location and style of the venue and the activities carried on there are particularly important in assessing whether a condition is appropriate. For example, the use of glass containers on the terraces of some outdoor sports grounds may obviously be of concern, and similar concerns may also apply to indoor sports events such as boxing matches. Similarly, the use of alternatives to traditional glassware may be an appropriate condition during the showing of televised live sporting events, such as international football matches, when there may be high states of excitement and emotion.

## OPEN CONTAINERS NOT TO BE TAKEN FROM THE PREMISES

Drinks purchased in licensed premises or clubs may be taken from those premises for consumption elsewhere. This is lawful where premises are licensed for the sale of alcohol for consumption off the premises. However, consideration should be given to a condition preventing customers from taking alcoholic and other drinks from the premises in open containers (e.g. glasses and opened bottles) for example, by requiring the use of bottle bins on the premises. This may again be appropriate to prevent the use of these containers as offensive weapons, or to prevent consumption of alcohol, in surrounding streets after individuals have left the premises. Restrictions on taking open containers from the premises may also be appropriate measures to prevent public nuisance (see Part 4).

## CCTV

The presence of CCTV cameras can be an important means of deterring and detecting crime at and immediately outside licensed premises. Conditions should not just consider a requirement to have CCTV on the premises, but also the precise location of each camera, the requirement to maintain cameras in working order, to retain recordings for an appropriate period of time and produce images from the system in a required format immediately to the police and local authority. The police should provide individuals conducting risk assessments as part of preparing their operating schedules with advice on the use of CCTV to prevent crime.

## RESTRICTIONS ON DRINKING AREAS

It may be appropriate to restrict the areas of the premises where alcoholic drinks may be consumed after they have been purchased. An example would be at a sports ground where it is appropriate to prevent the consumption of alcohol on the terracing during particular sports events. Conditions should not only specify these areas, but indicate the circumstances and times during which the ban would apply.

Restrictions on drinking areas may also be relevant and appropriate measures to prevent public nuisance (see Part 4).

## CAPACITY LIMITS

Capacity limits are most commonly made a condition of a licence on public safety grounds (see Part 2), but can also be considered for licensed premises or clubs where overcrowding may lead to disorder and violence. If such a condition is appropriate, door supervisors may be required to ensure that the numbers are appropriately controlled (see above).

## PROOF OF AGE CARDS

It is unlawful for persons aged under 18 years to buy or attempt to buy alcohol just as it is unlawful to sell or supply alcohol to them. To prevent the commission of these criminal offences, the mandatory conditions require licensed premises to ensure that they have in place an age verification policy. This requires the production of age verification (which must meet defined criteria) before alcohol is served to persons who appear to staff at the premises to be under 18 (or other minimum age set by premises).

Such verification must include the individual's photograph, date of birth and a holographic mark e.g. driving licence, passport, military ID. Given the value and importance of such personal documents, and because not everyone aged 18 years or over necessarily has such documents, the Government endorses the use of ID cards which bear the PASS (Proof of Age Standards Scheme) hologram. PASS is the UK's national proof of age accreditation scheme which sets and maintains minimum criteria for proof of age card issuers to meet. The inclusion of the PASS hologram on accredited cards, together with the verification made by card issuers regarding the personal details

of an applicant, gives the retailer the assurance that the holder is of relevant age to buy or be served age-restricted goods. PASS cards are available to people under the age of 18 for other purposes such as access to 15 rated films at cinema theatres so care must be taken to check that the individual is over 18 when attempting to purchase or being served alcohol.

## CRIME PREVENTION NOTICES

It may be appropriate at some premises for notices to be displayed which warn customers of the prevalence of crime which may target them. Some premises may be reluctant to voluntarily display such notices for commercial reasons. For example, in certain areas, a condition attached to a premises licence or club premises certificate might require the display of notices at the premises which warn customers about the need to be aware of pickpockets or bag snatchers, and to guard their property. Similarly, it may be appropriate for notices to be displayed which advise customers not to leave bags unattended because of concerns about terrorism. Consideration could be given to a condition requiring a notice to display the name of a contact for customers if they wish to report concerns.

## DRINKS PROMOTIONS

Licensing authorities should not attach standardised blanket conditions promoting fixed prices for alcoholic drinks to premises licences or club licences or club premises certificates in an area. This may be unlawful under current law. It is also likely to be unlawful for licensing authorities or the police to promote generalised voluntary schemes or codes of practice in relation to price discounts on alcoholic drinks, 'happy hours' or drinks promotions. The mandatory licensing conditions (see chapter 10 of the statutory guidance) ban defined types of behaviour referred to as 'irresponsible promotions'.

## SIGNAGE

It may be appropriate that the hours at which licensable activities are permitted to take place are displayed on or immediately outside the premises so that it is clear if breaches of these terms are taking place. Similarly, it may be appropriate for any restrictions on the admission of children to be displayed on or immediately outside the premises to deter those who might seek admission in breach of those conditions.

## LARGE CAPACITY VENUES USED EXCLUSIVELY OR PRIMARILY FOR THE "VERTICAL" CONSUMPTION OF ALCOHOL (HVVDs)

Large capacity "vertical drinking" premises, sometimes called High Volume Vertical Drinking establishments (HVVDs), are premises that have exceptionally high capacities, are used primarily or exclusively for the sale and consumption of alcohol, and provide little or no seating for their customers.

Where appropriate, conditions can be attached to licences for these premises which require adherence to:

- a prescribed capacity;

- an appropriate ratio of tables and chairs to customers based on the capacity; and
- the presence of security staff holding the appropriate SIA licence or exemption (see Chapter 10 to control entry for the purpose of compliance with the capacity limit.

## **PART 2. CONDITIONS RELATING TO PUBLIC SAFETY**

The attachment of conditions to a premises licence or club premises certificate will not relieve employers of their duties to comply with other legislation, including the Health and Safety at Work Act 1974 and associated regulations; and, especially, the requirements under the Management of Health and Safety at Work Regulations 1999 and the Regulatory Reform (Fire Safety) Order 2005 to undertake risk assessments. Employers should assess the risks, including risks from fire, and take measures necessary to avoid and control them. Conditions enforcing these requirements are therefore inappropriate.

From 1 October 2006 the Regulatory Reform (Fire Safety) Order 2005 replaced previous fire safety legislation. Licensing authorities should note that under article 43 of the Regulatory Reform (Fire Safety) Order 2005 any conditions imposed by the licensing authority that relate to any requirements or prohibitions that are or could be imposed by the Order have no effect. This means that licensing authorities should not seek to impose fire safety conditions where the Order applies. See Chapter 2 of the statutory guidance for more detail about the Order or <http://www.communities.gov.uk/fire/firesafety/firesafetylaw/>

### **GENERAL**

Additional matters relating to cinemas and theatres are considered in Part 3. It should also be recognised that special issues may arise in connection with outdoor and large scale events.

In addition, to considering the points made in this Part, those preparing operating schedules or club operating schedules; and licensing authorities and other responsible authorities may consider the following guidance, where relevant:

- Model National and Standard Conditions for Places of Public Entertainment and Associated Guidance ISBN 1 904031 11 0 (Entertainment Technology Press – ABTT Publications)
- The Event Safety Guide – A guide to health, safety and welfare at music and similar events (HSE 1999) (“The Purple Book”) ISBN 0 7176 2453 6
- Managing Crowds Safely (HSE 2000) ISBN 0 7176 1834 X
- 5 Steps to Risk Assessment: Case Studies (HSE 1998) ISBN 07176 15804
- The Guide to Safety at Sports Grounds (The Stationery Office, 1997) (“The Green Guide”) ISBN 0 11 300095 2

- Safety Guidance for Street Arts, Carnival, Processions and Large Scale Performances published by the Independent Street Arts Network, copies of which may be obtained through: [www.streetartsnetwork.org.uk/pages/publications.htm](http://www.streetartsnetwork.org.uk/pages/publications.htm) The London District Surveyors Association's "Technical Standards for Places of Public Entertainment" ISBN 0 9531229 2 1

The following British Standards should also be considered:

- BS 5588 Part 6 (regarding places of assembly)
- BS 5588 Part 9 (regarding ventilation and air conditioning systems)
- BS 5588 Part 9 (regarding means of escape for disabled people)
- BS 5839 (fire detection, fire alarm systems and buildings)
- BS 5266 (emergency lighting systems)

**In most premises, therefore, relevant legislation will provide adequately for the safety of the public or club members and guests. However, where this is not the case, consideration might be given to the following conditions.**

#### SAFETY CHECKS

- Safety checks are carried out before the admission of the public.
- Details of such checks are recorded and available to the relevant authorities for inspection.

#### ESCAPE ROUTES

- Exits are not obstructed (including by curtains, hangings or temporary decorations), and accessible via non-slippery and even surfaces, free of trip hazards and clearly identified.
- Where chairs and tables are provided in restaurants and other premises, internal gangways are kept unobstructed.
- All exits doors are easily opened without the use of a key, card, code or similar means.
- Doors at such exits are regularly checked to ensure that they function satisfactorily and a record of the check kept.
- Any removable security fastenings are removed whenever the premises are open to the public or occupied by staff.
- The edges of the treads of steps and stairways are maintained so as to be conspicuous.

#### DISABLED PEOPLE

That adequate arrangements exist to enable the safe evacuation of disabled people in the event of an emergency; and that disabled people on the premises are made aware of those arrangements.

## LIGHTING

- That lighting in areas accessible to the public, members or guests shall be adequate when they are present.
- That emergency lighting functions properly.
- In the event of the failure of normal lighting, where the emergency lighting battery has a capacity of one hour, arrangements are in place to ensure that the public, members or guests leave the premises within 20 minutes unless within that time normal lighting has been restored and the battery is being re-charged; and, if the emergency lighting battery has a capacity of three hours, the appropriate period by the end of which the public should have left the premises is one hour.

## CAPACITY LIMITS

- Arrangements are made to ensure that any capacity limit imposed under the premises licence or club premises certificate is not exceeded.
- The licence holder, a club official, manager or designated premises supervisor should be aware of the number of people on the premises and be required to inform any authorised person on request.

## ACCESS FOR EMERGENCY VEHICLES

- Access for emergency vehicles is kept clear and free from obstruction.

## FIRST AID

Adequate and appropriate supply of first aid equipment and materials is available on the premises.

If necessary, at least one suitably trained first-aider shall be on duty when the public are present; and if more than one suitably trained first-aider that their respective duties are clearly defined.

## TEMPORARY ELECTRICAL INSTALLATIONS

- Temporary electrical wiring and distribution systems are not provided without notification to the licensing authority at least ten days before commencement of the work and/or prior inspection by a suitable qualified electrician.
- Temporary electrical wiring and distribution systems shall comply with the recommendations of BS 7671 or where applicable BS 7909.

- Where they have not been installed by a competent person, temporary electrical wiring and distribution systems are inspected and certified by a competent person before they are put to use.

In relation to the point in the first bullet above, it should be recognised that ten days notice may not be possible where performances are supported by outside technical teams (for example, where temporary electrical installations are made in theatres for television show performances). In such circumstances, the key requirement is that conditions should ensure that temporary electrical installations are only undertaken by competent qualified persons (for example, those employed by the television company).

### INDOOR SPORTS ENTERTAINMENTS

- If appropriate, a qualified medical practitioner is present throughout a sports entertainment involving boxing, wrestling, judo, karate or other sports entertainment of a similar nature.
- Any ring is constructed by a competent person and/ or inspected by a competent authority.
- At any wrestling or other entertainments of a similar nature members of the public do not occupy any seat within 2.5 metres of the ring.
- At water sports entertainments, staff adequately trained in rescue and life safety procedures are stationed and remain within the vicinity of the water at all material times (see also Managing Health and Safety in Swimming Pools issued jointly by the Health and Safety Executive and Sport England).

### SPECIAL EFFECTS

The use of special effects in venues being used for regulated entertainment can present significant risks. Special effects or mechanical installations should be arranged and stored so as to minimise any risk to the safety of the audience, the performers and staff. Further details and guidance are given in Part 3.

### ALTERATIONS TO THE PREMISES

Premises should not be altered in such a way as to make it impossible to comply with an existing licence condition without first seeking a variation of the premises licence to delete the relevant public safety condition. The applicant will need to propose how they intend to take alternative steps to promote the public safety objective in a new operating schedule reflecting the proposed alteration to the premises.

The application for variation will enable responsible authorities with expertise in safety matters to consider whether the proposal is acceptable.

## OTHER MEASURES

Other measures previously mentioned in relation to the Prevention of Crime and Disorder may also be appropriate to promote public safety. These might include the provision of door supervisors, bottle bans, and requirements to use plastic or toughened glass containers (see Part 1 for further detail).

## PART 3. THEATRES, CINEMAS, CONCERT HALLS AND SIMILAR PLACES (PROMOTION OF PUBLIC SAFETY)

In addition to the points in Part 2, there are particular public safety matters which should be considered in connection with theatres and cinemas.

### PREMISES USED FOR CLOSELY SEATED AUDIENCES

#### ATTENDANTS

(a) The number of attendants on each floor in a closely seated auditorium should be as set out on the table below:

Number of members of the audience present on a floor	Minimum number of attendants required to be present on that floor
1 – 100	One
101 – 250	Two
251 – 500	Three
501 – 750	Four
751 -1,000	Five
And one additional attendant for each additional 250 persons (or part thereof)	

- (b) Attendants shall not be engaged in duties that would prevent them from promptly discharging their duties in the event of an emergency or require their absence from that floor or auditorium where they are on duty.
- (c) Attendants shall be readily identifiable to the audience (but this need not entail the wearing of a uniform).
- (d) The premises shall not be used for a closely seated audience except in accordance with seating plan(s), a copy of which is available at the premises and shall be shown to an authorised person on request.

- (e) No article shall be attached to the back of any seat which would reduce the clear width of seatways or cause a tripping hazard or obstruction.
- (f) A copy of any certificate relating to the design, construction and loading of temporary seating shall be kept available at the premises and shall be shown to an authorised person on request.

## SEATING

Where the potential audience exceeds 250 all seats in the auditorium should be securely fixed to the floor or battened together in lengths of not fewer than four and not more than twelve.

Standing and sitting in gangways etc

- (a) Sitting on floors shall not be permitted except where authorised in the premises licence or club premises certificate.
- (b) Waiting or standing shall not be permitted except in areas designated in the premises licence or club premises certificate.
- (c) In no circumstances shall anyone be permitted to-
  - (i) sit in a gangway;
  - (ii) stand or sit in front of an exit; or
  - (iii) stand or sit on a staircase, including landings.

## DRINKS

Except as authorised by the premises licence or club premises certificate, no drinks shall be sold to, or be consumed by, a closely seated audience except in plastic and paper containers.

## BALCONY FRONTS

Clothing or other objects shall not be placed over balcony rails or upon balcony fronts.

## SPECIAL EFFECTS

Special effects or mechanical installations should be arranged and stored so as to minimise risk to the safety of the audience, the performers and staff.

Specials effects include:

- dry ice machines and cryogenic fog;
- smoke machines and fog generators;
- pyrotechnics, including fireworks;
- real flame;

- firearms;
- motor vehicles;
- strobe lighting;
- lasers; and
- explosives and highly flammable substances.

In certain circumstances, it may be appropriate to require that certain special effects are only used with the prior notification of the licensing authority. In these cases, the licensing authority should notify the fire and rescue authority, who will exercise their inspection and enforcement powers under the Regulatory Reform (Fire Safety) Order. Further guidance can be found in the following publications:

- HSE Guide ‘The radiation safety of lasers used for display purposes’ (HS(G)95)
- ‘Smoke and vapour effects used in entertainment’ (HSE Entertainment Sheet No 3);
- ‘Special or visual effects involving explosives or pyrotechnics used in film and television production’ (HSE Entertainment Sheet No 16);
- ‘Electrical safety for entertainers’ (HSE INDG 247)
- ‘Theatre Essentials’ – Guidance booklet produced by the Association of British Theatre Technicians 8

## CEILINGS

Ceilings in those parts of the premises to which the audience are admitted should be inspected by a suitably qualified person, who will decide when a further inspection is necessary, and a certificate concerning the condition of the ceilings forwarded to the licensing authority.

## PREMISES USED FOR FILM EXHIBITIONS

### ATTENDANTS – PREMISES WITHOUT A STAFF ALERTING SYSTEM

Where the premises are not equipped with a staff alerting system the number of attendants present should be as set out in the table below:

Number of members of the audience present on the premises	Minimum number of attendants required to be on duty
1 – 250	Two
And one additional attendant for each additional 250 members of the audience present (or part thereof)	
Where there are more than 150 members of audience in any auditorium or on any floor	At least one attendant shall be present in any auditorium or on any floor

## ATTENDANTS – PREMISES WITH A STAFF ALERTING SYSTEM

(a) Where premises are equipped with a staff alerting system the number of attendants present should be as set out in the table below:

Number of members of the audience present on the premises	Minimum number of attendants required to be on duty	Minimum number of other staff on the premises who are available to assist in the event of an emergency
1 – 500	Two	One
501 – 1,000	Three	Two
1001 – 1,500	Four	Four
1,501 or more	Five plus one for every 500 (or part thereof) persons over 2,000 on the premises	Five plus one for every 500 (or part thereof) persons over 2,000 on the premises

(b) Staff shall not be considered as being available to assist in the event of an emergency if they are:

- (i) the holder of the premises licence or the manager on duty at the premises; or
- (ii) a member of staff whose normal duties or responsibilities are likely to significantly affect or delay their response in an emergency situation; or
- (iii) a member of staff whose usual location when on duty is more than 60 metres from the location to which they are required to go on being alerted to an emergency situation.

(c) Attendants shall as far as reasonably practicable be evenly distributed throughout all parts of the premises to which the public have access and keep under observation all parts of the premises to which the audience have access.

(d) The staff alerting system shall be maintained in working order.

## MINIMUM LIGHTING

The level of lighting in the auditorium should be as great as possible consistent with the effective presentation of the film; and the level of illumination maintained in the auditorium during the showing of films would normally be regarded as satisfactory if it complies with the standards specified in BS CP 1007 (Maintained Lighting for Cinemas).

## **PART 4. CONDITIONS RELATING TO THE PREVENTION OF PUBLIC NUISANCE**

It should be noted that provisions of the Environmental Protection Act 1990, the Noise Act 1996 and the Clean Neighbourhoods and Environment Act 2005 provide some protection to the general public from public nuisance, including noise nuisance. In addition, the provisions in Part 8 of the Licensing Act 2003 enable a senior police officer to close down instantly for up to 24 hours licensed premises and premises carrying on temporary permitted activities that are causing nuisance resulting from noise emanating from the premises. These matters should be considered before deciding whether or not conditions are appropriate for the prevention of public nuisance.

### **HOURS**

The hours during which the premises are permitted to be open to the public or to members and their guests can be restricted for the prevention of public nuisance. Licensing authorities are best placed to determine what hours are appropriate. However, the four licensing objectives should be paramount considerations at all times.

Restrictions could be appropriate on the times when certain licensable activities take place even though the premises may be open to the public as such times. For example, the playing of recorded music after a certain time might be prohibited, even though other licensable activities are permitted to continue. Or the playing of recorded music might only be permitted after a certain time where conditions have been attached to the licence or certificate to ensure that any potential nuisance is satisfactorily prevented.

Restrictions might also be appropriate on the parts of premises that might be used for certain licensable activities at certain times. For example, while the provision of regulated entertainment might be permitted while the premises are open to the public or members and their guests, regulated entertainment might not be permitted in garden areas of the premises after a certain time.

In premises where existing legislation does not provide adequately for the prevention of public nuisance, consideration might be given to the following conditions.

### **NOISE AND VIBRATION**

In determining which conditions are appropriate, licensing authorities should be aware of the need to avoid disproportionate measures that could deter the holding of events that are valuable to the community, such as live music.

Noise limiters, for example, are very expensive to purchase and install and are likely to be a considerable burden for smaller venues. The following conditions may be considered:

Noise or vibration does not emanate from the premises so as to cause a nuisance to nearby properties. This might be achieved by one or more of the following conditions:

- a simple requirement to keep doors and windows at the premises closed;
- limiting live music to a particular area of the building;
- moving the location and direction of speakers away from external walls or walls that abut private premises;
- installation of acoustic curtains;
- fitting of rubber seals to doorways;
- installation of rubber speaker mounts;
- requiring the licence holder to take measures to ensure that music will not be audible above background level at the nearest noise sensitive location;
- require licence holder to undertake routine monitoring to ensure external levels of music are not excessive and take action where appropriate;
- noise limiters on amplification equipment used at the premises (if other measures have been unsuccessful);
- prominent, clear and legible notices to be displayed at all exits requesting the public to respect the needs of local residents and to leave the premises and the area quietly;
- the use of explosives, pyrotechnics and fireworks of a similar nature which could cause disturbance in surrounding areas are restricted; and
- the placing of refuse – such as bottles – into receptacles outside the premises to take place at times that will minimise the disturbance to nearby properties.

## NOXIOUS SMELLS

Noxious smells from the premises are not permitted to cause a nuisance to nearby properties; and the premises are properly vented.

## LIGHT POLLUTION

Flashing or particularly bright lights at the premises do not cause a nuisance to nearby properties. Any such condition needs to be balanced against the benefits to the prevention of crime and disorder of bright lighting in certain places.

## OTHER MEASURES

Other measures previously mentioned in relation to the crime prevention objective may also be relevant as appropriate to prevent public nuisance. These might include the provision of door supervisors, open containers not to be taken from the premises, and restrictions on drinking areas (see Part 1 for further detail).

## **PART 5. CONDITIONS RELATING TO THE PROTECTION OF CHILDREN FROM HARM**

An operating schedule or club operating schedule should indicate any decision for the premises to exclude children completely. This would mean there would be no need to detail in the operating schedule steps that the applicant proposes to take to promote the protection of children from harm. Otherwise, where entry is to be permitted, the operating schedule should outline the steps to be taken to promote the protection of children from harm while on the premises.

### ACCESS FOR CHILDREN TO LICENSED PREMISES – IN GENERAL

The 2003 Act prohibits unaccompanied children from premises that are exclusively or primarily used for the supply of alcohol for consumption on the premises. Additional restrictions on the access of children under 18 to premises where licensable activities are being carried on should be made where they are appropriate to protect children from harm. Precise policy and details will be a matter for individual licensing authorities.

It is recommended (unless there are circumstances justifying the contrary) that in relation to:

- premises with known associations (having been presented with evidence) with or likely to give rise to: heavy or binge or underage drinking;
- drugs, significant gambling, or any activity or entertainment (whether regulated entertainment or not) of a clearly adult or sexual nature, there should be a strong presumption against permitting any access at all for children under 18 years;
- premises, not serving alcohol for consumption on the premises, but where the public are allowed on the premises after 11.00pm in the evening, there should be a presumption against the presence of children under the age of 12 unaccompanied by adults after that time.

Applicants wishing to allow access under the above circumstances should, when preparing new operating schedules or club operating schedules or variations of those schedules:

- explain their reasons; and
- outline in detail the steps that they intend to take to protect children from harm on such premises.

In any other case, it is recommended that, subject to the premises licence holder's or club's discretion, the expectation would be for unrestricted access for children, subject to the terms of the 2003 Act.

#### AGE RESTRICTIONS – SPECIFIC

Whilst it may be appropriate to allow children unrestricted access at particular times and when certain activities are not taking place, licensing authorities will need to consider:

- The hours in a day during which age restrictions should and should not apply. For example, the fact that adult entertainment may be presented at premises after 8.00pm does not mean that it would be appropriate to impose age restrictions for earlier parts of the day.
- Types of event or activity that are unlikely to require age restrictions, for example:
  - family entertainment; or
  - alcohol free events for young age groups, such as under 18s dances,
- Types of event or activity which give rise to a more acute need for age restrictions than normal, for example: during “Happy Hours” or drinks promotions;

#### AGE RESTRICTIONS – CINEMAS

The British Board of Film Classification classifies films in accordance with its published Guidelines, which are based on research into public opinion and professional advice. It is therefore recommended that licensing authorities should not duplicate this effort by choosing to classify films themselves. The classifications recommended by the Board should be those normally applied unless there are very good local reasons for a licensing authority to adopt this role.

Licensing authorities should note that the provisions of the 2003 Act enable them to specify the Board in the licence or certificate and, in relation to individual films, to notify the holder or club that it will make a recommendation for that particular film.

Licensing authorities should be aware that the BBFC currently classifies films in the following way:

- U Universal – suitable for audiences aged four years and over
- PG – Parental Guidance. Some scenes may be unsuitable for young children.
- 12A – Suitable for viewing by persons aged 12 years or older or persons younger than 12 when accompanied by an adult.
- 15 – Suitable for viewing by persons aged 15 years and over.
- 18 – Suitable for viewing by persons aged 18 years and over.

- R18 - To be shown only in specially licensed cinemas, or supplied only in licensed sex shops, and to adults of not less than 18 years.

Licensing authorities should note that these classifications may be subject to occasional change and consult the BBFC's website at [www.bbfc.co.uk](http://www.bbfc.co.uk) before applying relevant conditions. In addition to the mandatory condition imposed by section 20, conditions restricting the admission of children to film exhibitions should include that:

- where the licensing authority itself is to make recommendations on the admission of children to films, the cinema or venue operator must submit any film to the authority that it intends to exhibit 28 days before it is proposed to show it. This is to allow the authority time to classify it so that the premises licence holder is able to adhere to any age restrictions then imposed;
- immediately before each exhibition at the premises of a film passed by the British Board of Film Classification there shall be exhibited on screen for at least five seconds in such a manner as to be easily read by all persons in the auditorium a reproduction of the certificate of the Board or, as regards a trailer advertising a film, of the statement approved by the Board indicating the classification of the film;
- when a licensing authority has made a recommendation on the restriction of admission of children to a film, notices are required to be displayed both inside and outside the premises so that persons entering can readily be made aware of the classification attached to any film or trailer.

Such a condition might be expressed in the following terms:

“Where a programme includes a film recommended by the licensing authority as falling into an age restrictive category no person appearing to be under the age specified shall be admitted to any part of the programme; where a programme includes a film recommended by the licensing authority as falling into a category requiring any persons under a specified age to be accompanied by an adult no person appearing to be under the age specified shall be admitted to any part of the programme unaccompanied by an adult, and the licence holder shall display in a conspicuous position a notice clearly stating the relevant age restrictions and requirements. For example:

**Persons under the age of [insert Appropriate age] cannot be admitted to any part of the programme**

Where films of different categories form part of the same programme, the notice shall refer to the oldest age restriction. This condition does not apply to members of staff under the relevant age while on-duty provided that the prior written consent of the person's parent or legal guardian has first been obtained.”

## THEATRES

The admission of children to theatres, as with other licensed premises, is not expected to be restricted normally unless it is appropriate to promote the protection of children from harm. However, theatres may be the venue for a wide range of activities. The admission of children to the performance of a play should normally be left to the discretion of the licence holder and no condition restricting the access of children to plays should be attached. However, theatres may also present entertainment including, for example, variety shows, incorporating adult entertainment. A condition restricting the admission of children in such circumstances may be appropriate. Entertainment may also be presented at theatres specifically for children (see below). Licensing authorities are also expected to consider whether a condition should be attached to a premises licence which requires the presence of a sufficient number of adult staff on the premises to ensure the wellbeing of children during any emergency (See Part 3).

## PERFORMANCES ESPECIALLY FOR CHILDREN

Where performances are presented especially for unaccompanied children in theatres and cinemas, licensing authorities will also wish to consider conditions to specify that:

- an attendant to be stationed in the area(s) occupied by the children, in the vicinity of each exit, provided that on each level occupied by children the minimum number of attendants on duty should be one attendant per 50 children or part thereof.

Licensing authorities should also consider whether or not standing should be allowed. For example, there may be reduced risk for children in the stalls than at other levels or areas in the building.

## CHILDREN IN PERFORMANCES

There are many productions each year that are one-off shows where the cast is made up almost entirely of children. They may be taking part as individuals or as part of a drama club, stage school or school group. The age of those involved may range from 5 to 18. The Children (Performances) Regulations 1968 as amended prescribe requirements for children performing in a show. Licensing authorities should familiarise themselves with these Regulations and not duplicate any of these requirements. However, if it is appropriate to consider imposing conditions, in addition to these requirements, for the promotion of the protection of children from harm then the licensing authority should consider the matters outlined below.

- **Venue** – the backstage facilities should be large enough to accommodate safely the number of children taking part in any performance.
- **Special effects** – it may be inappropriate to use certain special effects, including smoke, dry ice, rapid pulsating or flashing lights, which may trigger adverse reactions especially with regard to children.

- **Care of children** – theatres, concert halls and similar places are places of work and may contain a lot of potentially dangerous equipment. It is therefore important that children performing at such premises are kept under adult supervision at all times including transfer from stage to dressing room and anywhere else on the premises. It is also important that the children can be accounted for at all times in case of an evacuation or emergency.

## THE PORTMAN GROUP CODE OF PRACTICE ON THE NAMING, PACKAGING AND PROMOTION OF ALCOHOLIC DRINKS

The Portman Group operates, on behalf of the alcohol industry, a Code of Practice on the Naming, Packaging and Promotion of Alcoholic Drinks. The Code seeks to ensure that drinks are packaged and promoted in a socially responsible manner and only to those who are 18 years old or older. Complaints about products under the Code are considered by an Independent Complaints Panel and the Panel's decisions are published on the Portman Group's website, in the trade press and in an annual report. If a product's packaging or point-of-sale advertising is found to be in breach of the Code, the Portman Group may issue a Retailer Alert Bulletin to notify retailers of the decision and ask them not to replenish stocks of any such product or to display such point-of-sale material, until the decision has been complied with. The Code is an important mechanism in protecting children from harm because it addresses the naming, marketing and promotion of alcohol products sold in licensed premises in a manner which may appeal to or attract minors. Consideration can be given to attaching conditions to premises licences and club premises certificates that require compliance with the Portman Group's Retailer Alert Bulletins.

## PROOF OF AGE CARDS

Proof of age cards are discussed under Part 1 in connection with the prevention of crime and disorder.
