

WEST SURREY MEDIATION SERVICE – APPLICATION FOR FINANCIAL ASSISTANCE

Executive Summary	
<p>West Surrey Mediation Service was set up in 1996 originally under the name Woking Community Mediation Service, but they have recently expanded. They provide help in resolving disputes between neighbours and within communities. Its work contributes towards the reduction of anti-social behaviour and increases the quality of life for residents of the Borough, whilst reducing demands on statutory enforcement agencies.</p>	
<p>West Surrey Mediation Service aims to help neighbours find solutions to difficulties which suit all the parties involved without the need for the involvement of statutory services or enforcement agencies. Disagreements can be sorted out quickly and confidentially, without the expense and trouble of going to Court. The mediators are impartial and have no formal or legal authority and represent no official body. They are well trained and experienced, and willing to attend lectures and extra training to support work with specific members of the community, younger or older people, and those with mental health issues.</p>	
<p>Around 200 people are stated to have made use of the services provided, with no charge being levied to the users. The Group notes that although it may help two families in a neighbourhood directly, the indirect effects may be felt more widely in the surrounding area. Some mediations may only involve two or three people but may have a deep and lasting consequence for a person involved. An elderly person feeling vulnerable and threatened in their home may feel happier and supported after mediation and able to stay in their own home and community for longer.</p>	
<p>The Group has applied for funding of £4,000 towards the running costs of the mediation service it provides to residents of the Borough. It is recommended that the Council's support of £4,000 continues for the 2019/20 financial year.</p>	

Recommendations	
The Executive is requested to:	RESOLVE That a grant of £4,000 be awarded towards the running costs of the service.
Reason for Decision	To enable the mediation service to be available for residents of the Borough.
Legal Authority	S142 Local Government Act 1972 S111 Local Government Act 1972

Please note that accounts for other years may also be required.</p> <p>Monitoring Information. The Organisation must submit quarterly monitoring information as a measure of its achievements. 	<p>Publicity. Where possible, the Organisation is required to publicise the support received from Woking Borough Council, including on all literature and leaflets produced.</p> <p>Payments. Unless exceptional circumstances exist all invoices must be received quarterly with details of the costs incurred and monitoring information for the previous quarter.</p> <p>Payment Period. Final quarter claims must be made by the second week in March. Unclaimed awards will not be available at a later date unless exceptional circumstances can be demonstrated to the Council before the end of the award year.</p> <p>Joint Working. WBC expects the Organisation to engage positively on health and wellbeing multi-agency joint work affecting Woking. Groups which refuse may place their Council support at risk, e.g. grant, concessionary rent and other assistance.</p> <p>Homelessness Reduction Act 2017. With the introduction of new legislation from April 2018, the council will expect the support of partner agencies in identifying people at risk of homelessness as early as possible to maximise the opportunities to prevent such. Partner agencies / organisations will be expected to be engaged in joint working arrangements to assist in finding suitable housing and support solutions, and where appropriate to undertake and respond to the new 'duty to refer'. Groups which do not support this new legislation and way of working positively may put their Council support at risk.</p> <p>Venue Hire. Woking Borough Council has a duty to ensure that publicly-owned venues and resources do not provide a platform for extremists and are not used to disseminate extremist views. This duty extends to organisations that work with the local authority so this includes recipients of any grants from Woking Borough Council. If you hire out your venue/s you should ensure you have good processes in place for record keeping and checking if they are an appropriate group to be making the hire arrangements. The following are some of what should be considered:</p> <ul style="list-style-type: none"> • Basic details should be recorded to include speakers address, mobile phone number & organisation details. • Has the identity of the speaker been confirmed & is their organisation bona fide? Are they known to you? • Is the speaker from the area? Are they UK citizens or from overseas & will they travel specifically for this event? • Consider checks on the internet to confirm the status of speaker to include website, YouTube or social media sites. • How many people are likely to attend (check previous or similar events either locally or online).

Future Support	<p>The financial pressure on the Council's budgets is expected to continue in the coming years and accordingly the overall level of</p>

support available in future years may be reduced. The applicant is therefore to be advised that the award of funding for 2019/20 does not imply that a similar application in 2020/21 would be supported. In particular, it is emphasised that the Council is unlikely to be in a position to award any sums above the 2019/20 levels.

In view of this, the applicant is to be advised to ensure that contingency plans for the Group's operations for 2020/21 have been drawn up in the event that the Council is unable to continue its support beyond April 2020. All applicants are strongly recommended to pursue alternative sources of funding and are encouraged to approach Woking Borough Council's Community Support Team for advice and support.

The Executive has authority to determine the above recommendations.

<p>3.2 Consultee Comments</p>	<p><u>Sylvie Marshall, Community Development Manager</u></p> <p>West Surrey Mediation Service was established to attempt to resolve disputes between neighbours and promote community spirit and emotional wellbeing within communities, without the expense and trauma of going to court. Referrals are mainly received from Surrey Police, Housing Associations and other agencies.</p> <p>The Group believes that the benefits of this service are not just related to the few people attending mediation but also the local community who may be affected by anti-social behaviour and the stress of an unhappy living environment.</p> <p>West Surrey Mediation Service has previously been funded by Woking Borough Council to support the service within the Woking Borough for Woking residents. Funding covers day to day administration and running costs of the organisation. It is advised that the requested revenue funding of £4,000 be approved.</p>	
<p>3.3 Assessment</p>	<p>Woking Community Mediation Service (now West Surrey Mediation Service) was set up in 1996 and provides help in resolving disputes between neighbours and within communities. The Group provides a highly cost effective means of improving the quality of life for the residents of Woking and reducing anti-social behaviour, thereby reducing demands on statutory enforcement agencies and Woking Borough Council.</p> <p>West Surrey Mediation Service works closely with the Council and the applicant has reported that 50% of their cases come through Woking Borough Council as referrals. Regular contact continues to be made with Surrey Police, housing providers and Woking Borough Council's environmental health and community safety officers. In addition to its work dealing with community disputes, the Group is now being asked to assist with more specialised areas, working specifically with families and different ethnic minority groups. During the past year the Group has also been working in the area of homelessness prevention for young people within Surrey County Council's Youth Support Service.</p> <p>The budget for 2019/20 sets out income expected to be received from the following organisations: Guildford Borough Council, Surrey Heath Borough Council, Surrey Police and Woking Borough Council. In the current economic climate, many other funding avenues are becoming increasingly difficult to obtain and the applicant has advised that the Group is unable to reduce its future requirement for support from Woking Borough Council.</p> <p>West Surrey Mediation Service has been funded by the Council since its inception in 1996 and the service is free of charge to residents of</p>

the Borough. In Surrey, a county-wide comprehensive community mediation service has been established, and the Group collaborates with them to ensure training costs remain low. All Councils in Surrey now contribute towards their Mediation Service and it is considered a high priority on the Government's Community Remedy theme.

In view of the invaluable service provided by the Charity, it is recommended that the Council's support is continued into the coming year and that a grant of £4,000 is awarded for the 2019/20 financial year.
